## Conference at a glance

At Conference, the party debates policy and party business in the Auditorium. During lunch breaks and in the evening, the Fringe programme provides an opportunity to explore different policy aspects in more detail, usually through a panel discussion involving experts and parliamentarians. Alongside the Auditorium and Fringe sessions, the party also runs an extensive Training programme (fringe and training details are in the directory).

**The Agenda** section on pages 3–107 covers what goes on in the main Auditorium – debates on policy and party business. You'll see a timetable for the debates on pages 3–6, then each agenda item is listed, including the motion that is to be debated. There is also a description of how debates are conducted, and how you can participate, on pages 108–115.

**Standing orders**, on pages 116–127, are the rules that govern the policy and party business that is debated in the Auditorium, relating to how motions and amendments are chosen for debate, how the sessions are conducted and more. There is a useful glossary to help understand some of the terms used.

### F3 Standing order amendment: Tidying-up Standing Orders

*Federal Conference Committee*

Mover: Duncan Brack.

Summation: Cllr Nick da Costa (Chair, FCC).

Saturday

- 1 Conference notes that:
- 2 a) Conference standing orders currently do not allow for
- 3 'hybrid' conferences, where some voting members
- 4 participate in person and some participate online.
- 5 b) Recent experience has revealed a number of issues
- 6 on which conference standing orders lack clarity or
- 7 could be improved.
- 8 Conference therefore agrees to the following amendments to
- 9 conference standing orders:
- 10 1. *In Glossary of Terms, delete the definition of 'Emergency*
- 11 *motion' and replace with: 'A proposal which derives from a*
- 12 *significant recent development which occurred after the*
- 13 *deadline for submission of motions. Emergency motions*
- 14 *must be brief (maximum 500 words).'*
- 15 2. *In SO 1.3 (Right to submit agenda items) para (b), after*
- 16 *'Federal Council' insert 'Federal Conference Committee',*
- 17 *and delete last sentence 'Business motions, standing order*
- 18 *amendments and secondary standing order amendments*
- 19 *may also be submitted by the Federal Conference*
- 20 *Committee'.*
- 21 3. *In SO 8.2 (Withdrawal of motions and amendments), add at*
- 22 *end: 'A request to withdraw a motion may be submitted to*

**Saturday 23 September cont.**

- 23 conference either by the movers of the motion or the  
24 Committee’.
- 25 4. *In SO 9.1 (The method of voting), add at end: ‘and by voting*  
26 *members voting securely online’.*
- 27 5. *In SO 11.4 (Separate vote), in lines 10–11, delete: ‘by the*  
28 *same deadline as that for emergency motions’ and insert:*  
29 *‘no later than 48 hours before the opening of conference’.*
- 30 6. *In SO 11.6 (Suspension of standing orders), para (a), insert*  
31 *after first sentence: ‘Such a motion may contain no more*  
32 *than one proposed change to the agenda or conduct of*  
33 *debate’.*
- 34 7. *In SO 12.4 (Supplementary questions to reports), lines 7–8,*  
35 *delete ‘two minutes’ and insert ‘30 seconds’.*

*The existing text of Conference standing orders is printed in this Agenda at pages 116–127.*

*Applicability: Federal.*

*Mover: 5 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see [pages 110–111](#).*

*The deadline for amendments to this motion, see [page 114](#), and for separate votes, see [page 109](#), is 13.00 Monday 11 September. Those selected for debate will be printed in Conference Extra and Saturday’s Conference Daily.*

*Standing order amendments require a two-thirds majority to pass.*

### **F4 Federal Policy Committee Report: questions and accountability**

Mover: Cllr Lucy Nethsingha (Vice Chair, Federal Policy Committee).

*The deadline for questions for F4 is Monday 11 September. Questions selected will be published in the Conference Extra and Saturday Conference Daily updates to the Conference Agenda. These questions will be guaranteed an answer, either in the session or in writing thereafter. Questions may also be submitted up until 08.50 Saturday 23 September; such questions are only taken at the discretion of the chair. See [page 113](#) for further information.*

Chair: Eleanor Kelly. Aide: Chris Maines. Hall Aide: Sam Barratt.

### **F5 Combatting Human Trafficking and Modern Slavery**

*11 members*

Mover: Rt. Hon. Alistair Carmichael MP (Spokesperson for Home Affairs).

Summation: Sarah Olney MP (Spokesperson for Treasury, Business and Industrial Strategy).

1 Conference believes that:

**Saturday 23 September cont.**

- 2 i) Slavery is one of the greatest affronts to the fundamental
- 3 British principle of individual liberty; no human being
- 4 should be enslaved.
- 5 ii) Modern slavery must be eradicated, exploitation
- 6 prevented and traffickers brought to justice.
- 7 iii) Survivors of human trafficking and modern slavery are
- 8 among the most vulnerable people in our society and
- 9 they must all be supported and protected by the
- 10 Government, regardless of immigration status.
- 11 Conference notes with grave concern the Conservative
- 12 Government’s assault on protections for victims of human
- 13 trafficking and modern slavery – including the Nationality and
- 14 Borders Act and the Illegal Migration Act – which roll back
- 15 crucial provisions of the Modern Slavery Act.
- 16 Conference further notes that:
- 17 a) There are estimated to be at least 100,000 modern
- 18 slavery victims in the UK, and referrals to the National
- 19 Referral Mechanism (NRM) are at a record high.
- 20 b) The vast majority of people referred into the system
- 21 are confirmed to be genuine victims by detailed
- 22 investigations, despite Conservative accusations of
- 23 people ‘gaming the system’ through false claims.
- 24 c) The Conservative Government has consistently
- 25 broken its promises on tackling human trafficking and
- 26 modern slavery – from its pledge to create a new
- 27 single enforcement body, to abandoned plans to
- 28 remove the ‘family worker exemption’ that permits
- 29 employers to pay domestic staff less than minimum
- 30 wage.

## Saturday 23 September cont.

31 d) The UK has just 0.29 labour market inspectors per  
32 10,000 workers – less than a third of the International  
33 Labour Organization’s minimum benchmark of one  
34 per 10,000.

35 e) On average, victims have to wait almost 2 years for a  
36 decision on their NRM case.

37 f) The Conservative Government’s immigration policies  
38 have increased the risk of exploitation – whether by  
39 making some industries over-reliant on temporary  
40 visa schemes or closing safe and legal routes for  
41 asylum, pushing desperate people into the hands of  
42 traffickers.

43 g) In January 2023, the Government raised the threshold  
44 of evidence for victims to be recognised, despite  
45 criticism from human rights organisations including  
46 the Helen Bamber Foundation and Anti-Slavery  
47 International.

48 h) Conservative Ministers have left the crucial post of  
49 Independent Anti-Slavery Commissioner vacant for  
50 over a year.

51 Conference commends Liberal Democrat parliamentarians for  
52 consistently opposing both the Nationality and Borders Bill and  
53 the Illegal Migration Bill.

54 Conference therefore calls on the Government to:

55 1. Reverse its rollbacks on modern slavery protections and  
56 ensure that all legislation is compatible with the UK’s  
57 international law obligations, including the Council of  
58 Europe Convention on Action against Trafficking in Human  
59 Beings.

**Saturday 23 September cont.**

- 60 2. Take power out of the hands of smugglers by scrapping the  
61 Illegal Migration Act and providing safe and legal routes to  
62 sanctuary in the UK.
- 63 3. Prevent exploitation of migrant workers by removing the  
64 Conservatives' arbitrary salary threshold for work visas and  
65 replacing it with a more flexible merit-based system,  
66 making employers and employees less reliant on temporary  
67 visas.
- 68 4. Establish a powerful new Worker Protection Enforcement  
69 Authority to protect people in precarious work, with  
70 proactive intelligence-led enforcement of labour market  
71 standards and a firewall with immigration enforcement.
- 72 5. Transfer responsibility for identifying modern slavery  
73 victims from the Home Office to local safeguarding  
74 agencies.
- 75 6. Appoint a new Independent Anti-Slavery Commissioner  
76 and strengthen the role, while giving Parliament the power  
77 to fill the post if left vacant for three months or more.
- 78 7. Bring more traffickers to justice by resourcing the criminal  
79 justice system properly to improve prosecution and  
80 conviction rates.
- 81 8. Create a financial deterrent by establishing a civil remedy  
82 for survivors seeking redress from their traffickers.
- 83 9. Give survivors the support they deserve as victims of a  
84 grievous crime, such as access to legal aid – including early  
85 advice prior to entering the NRM – and protection from  
86 detention or removal.
- 87 10. Lift the ban on people in the NRM working if they have been  
88 waiting for a decision for over three months, enabling  
89 survivors to gain independence and move on with their lives  
90 while contributing to the economy.
- 91 11. Improve first responders' ability to support victims through

## Saturday 23 September cont.

- 92 mandatory training and allowing more civil society  
93 organisations to become accredited first responders.

*Applicability: Federal.*

## 10.40 Policy motion

Chair: Paul McGarry. Aide: Professor Belinda Brooks-Gordon. Hall  
Aide: Cllr Hannah Kitching.

**F7 A Fair Deal for the Armed Forces Community**

*10 members*

Mover: Richard Foord MP (Spokesperson for Defence).

Summation: Baroness Smith (Lords Spokesperson for Defence).

## 1 Conference notes:

- 2 i) The findings of the Haythornthwaite report which found  
3 that the most common reason for leaving the armed forces  
4 is the impact on family and personal life, and the Armed  
5 Forces Continuing Attitudes Survey which found that one  
6 third of spouses said that they would be happier if their  
7 partner chose to leave the service.
- 8 ii) Ongoing issues with access to childcare for personnel and  
9 their families stationed overseas, lack of support when  
10 moving children around schools, and with spousal  
11 employment overseas.
- 12 iii) The poor state of MOD housing, including sewage leaks,  
13 mould and damp, and the complaints regarding  
14 maintenance contractors.
- 15 iv) Families of service personnel frequently struggle to access  
16 information about important provisions like childcare,  
17 preventing them from being able to make informed choices  
18 and leaving them feeling like they do not have agency.

## Saturday 23 September cont.

- 19 v) The experience of female personnel in the armed forces, as  
20 outlined by the Atherton Report which found that “the MoD  
21 and the Services are failing to protect female personnel  
22 and to help servicewomen achieve their full potential”.
- 23 vi) There are over 1.8 million veterans in England and Wales  
24 according to the 2021 Census, many of whom are caught  
25 by gaps in support across services from mental healthcare  
26 to housing.
- 27 vii) The cost-of-living crisis which is impacting the  
28 Armed Forces community – with veterans and their families  
29 twice as likely to be unpaid carers or to be in receipt of  
30 sickness or disability benefits.
- 31 viii) The Armed Forces Covenant, which serves as a  
32 promise by the nation that the Armed Forces community is  
33 treated fairly, plays an important role but needs  
34 strengthening.
- 35 Conference believes that:
- 36 a) The Armed Forces community – service personnel, veterans  
37 and their families – have been taken for granted for too long  
38 by the Government and deserve a fair deal.
- 39 b) It is shameful that service families are too frequently unable  
40 to get basic support such as living in a decent home or  
41 getting access to information, except through the member  
42 of the family who serves.
- 43 c) It is unacceptable that the experience of women in the  
44 armed forces and the challenges which many female  
45 personnel face, such as sexual harassment and  
46 discrimination, have not been properly addressed.
- 47 d) These factors taken together are serving to impact both  
48 retention and recruitment for the Armed Forces.

**Saturday 23 September cont.**

49 e) The make-up of the UK Armed Forces is not reflective of the  
50 diversity of British society, but it should better reflect  
51 society.

52 Conference therefore calls on the UK Government to establish  
53 a 'Fair Deal for Service Personnel, Veterans and Families'  
54 Commission.

55 Conference further urges the Government to start bringing  
56 about that Fair Deal by:

- 57 1. Strengthening the Armed Forces Covenant by placing a  
58 legal duty on the Defence Secretary and government  
59 departments to give due regard to the Armed Forces  
60 Covenant.
- 61 2. Establishing a one-stop shop for families of service  
62 personnel so they can easily access information, including  
63 the publication of a guide and an accessible helpline.
- 64 3. Aiming to reach a deal with the EU on reciprocal access for  
65 spousal employment for families of service personnel, as  
66 part of the four-stage roadmap set out in policy paper 144,  
67 *Rebuilding Trade and Cooperation with Europe*.
- 68 4. Improving the standard of MOD housing, including by  
69 reviewing the contract with maintenance contractors and  
70 introducing a minimum quality standard for Single Living  
71 Accommodation.
- 72 5. Accepting the recommendations of the Atherton report.
- 73 6. Abolishing the arbitrary, complex Minimum Income  
74 Requirement for spouse and partner visas, so that families,  
75 including service personnel and their families, are not  
76 forced to live apart.
- 77 7. Conducting a review of Armed Forces recruitment

## Saturday 23 September cont.

- 78 processes, to ensure all possible steps are being taken to  
79 improve diversity in the Forces.
- 80 8. Waiving application fees for indefinite leave for members of  
81 families of Armed Forces personnel on discharge.
- 82 9. Instructing the Office of Veterans Affairs to launch an  
83 inquiry into the impact of the cost of living crisis on the  
84 Armed Forces community.
- 85 10. Ensuring that military compensation which is awarded  
86 because of illness or injury does not count towards means  
87 testing for benefits.
- 88 11. Supporting members of the Armed Forces community who  
89 are unpaid carers, by increasing Carer's Allowance and  
90 providing unpaid carers with greater rights in the workplace  
91 and more broadly.
- 92 12. Cancelling the Conservative Government's cut to the  
93 Army.

*Applicability: Federal.*

*Mover: 7 minutes; summation of motion and mover and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see see [pages 110–111](#).*

*The deadline for amendments to this motion, see [page 114](#), and for separate votes, see [page 102](#), is 13.00 Monday 11 September. Those selected for debate will be printed in Conference Extra and Saturday's Conference Daily.*

**Saturday 23 September cont.**

11.30 Policy motion

Chair: Jennie Rigg. Aide: Cllr. Alex Wagner. Hall Aide: Chris Maines.

**F8 Bring Back the Industrial Strategy**

*10 members*

Mover: Sarah Olney MP (Spokesperson for Treasury, Business and Industrial Strategy).

Summation: Lord Fox (Lords Spokesperson for Business and Industrial Strategy).

- 1 Conference believes that:
  - 2 a) An industrial strategy is essential for achieving strong and
  - 3 sustainable economic growth, which in turn will create good
  - 4 jobs, fund vital public services and build strong
  - 5 communities.
  - 6 b) An industrial strategy should create a purpose-driven
  - 7 partnership between Government and business with the
  - 8 aim of tackling the great economic and societal challenges
  - 9 of our time.
  - 10 c) A successful industrial strategy should coordinate policies
  - 11 across a range of key areas, such as skills, Research &
  - 12 Development (R&D), climate change, infrastructure,
  - 13 taxation, finance and trade.
- 14 Conference notes that:
  - 15 I. A range of generational challenges, including the legacy of
  - 16 the Covid-19 pandemic, the climate emergency, the energy

## Saturday 23 September cont.

- 17 crisis, the Government's failed deal with Europe and  
18 declining economic growth under the Conservatives make  
19 the adoption of an industrial strategy more necessary than  
20 ever.
- 21 II. Other major economies, including Germany, China, the  
22 US and the EU have developed industrial policy responding  
23 to these challenges.
- 24 III. The US Inflation Reduction Act, supply chain pressures  
25 involving China, and EU plans to reshore manufacturing also  
26 create a vital need for a UK industrial strategy.
- 27 IV. In contrast, this Conservative Government took the  
28 ideological and damaging step of scrapping the UK's  
29 industrial strategy in 2021 and disbanding the Industrial  
30 Strategy Council oversight body.
- 31 V. Since 2016, the Conservative Party's muddled and  
32 confused approach saw the business department  
33 restructured twice and the Secretary of State changed  
34 seven times, undermining stability and business  
35 confidence.
- 36 VI. As a result of the Conservatives' economic failures, the  
37 UK has experienced falling business investment, lower  
38 productivity, skills shortages, gaping regional disparities  
39 and anaemic growth.
- 40 Conference celebrates Liberal Democrat achievements on  
41 industrial strategy in Government, including:
- 42 A. Unlocking vital investment by setting up the Green  
43 Investment Bank, the British Business Bank and the Regional  
44 Growth Fund.
- 45 B. Supporting manufacturing and SMEs, through the Business  
46 Growth Service, the Manufacturing Advisory Service and the

- 47 Growth Accelerator Programme.
- 48 C. Bringing together business and academia to power regional  
49 growth, by creating the Catapult centres, and creating two  
50 million new apprenticeships.
- 51 Conference reaffirms Liberal Democrat commitments to:
- 52 i) Scrap business rates and replace them with a Commercial  
53 Landowner Levy.
- 54 ii) Replace the broken apprenticeship levy with a broader and  
55 more flexible skills and training levy.
- 56 iii) Follow the four-step roadmap towards rebuilding trade and  
57 cooperation with Europe set out in policy paper 144,  
58 *Rebuilding Trade and Cooperation with Europe*.
- 59 Conference therefore calls on the Government to:
- 60 a) Establish a comprehensive industrial strategy, in partnership  
61 with business, civil society and academia, focused on key  
62 economic and societal challenges.
- 63 b) Ensure that the principles of tackling the climate emergency;  
64 boosting living standards; spreading prosperity everywhere  
65 in the UK; and growing the economy are at the heart of the  
66 industrial strategy.
- 67 c) Work towards four key business priorities: a positive  
68 business climate; leveraging technology to supercharge the  
69 green economy; empowering small businesses to create  
70 prosperity in local communities, and boosting trade.
- 71 d) Enable businesses to achieve these priorities by taking  
72 action in four key areas: enabling the workforce of tomorrow;  
73 investing in key infrastructure; scaling digital innovation and

- 74 technology adoption; and creating financial markets that
- 75 work for all businesses.

76 Conference further calls on the Government to:

- 77 1. Rebuild business and investor confidence by committing to
- 78 fiscal responsibility, respect of international treaties, and the
- 79 creation of a stable business environment.
- 80 2. Effectively communicate the objectives and tools of the
- 81 industrial strategy to industry, to provide clear signals for
- 82 investment and business decisions.
- 83 3. Build an inclusive economy with broad access to training
- 84 and skills, by scrapping the lower ‘apprentice’s wage’ band
- 85 and boosting the take-up of apprenticeships.
- 86 4. Set up effective incentives for R&D investment,
- 87 decarbonisation, and the take-up of digital technologies,
- 88 especially among SMEs; and ensure that the UK’s regulatory,
- 89 R&D and tax frameworks are geared towards fostering
- 90 innovation.
- 91 5. Set up a plan for investment in key infrastructure to enable
- 92 the industrial strategy, covering areas including rail, building
- 93 insulation, the national grid and EV charging.
- 94 6. Create a thriving manufacturing sector by investing in the
- 95 skills of the future; promoting net-zero transport and energy
- 96 efficiency; harnessing affordable clean energy; and adopting
- 97 an ambitious international trade policy.
- 98 7. Power scale-up companies, especially outside of London
- 99 and the South East, using innovative ways of crowding-in
- 100 private sector investment, drawing from successful
- 101 international models such as the French Tibi scheme.
- 102 8. Reestablish the Industrial Strategy Council (ISC) and put it
- 103 on a statutory footing, to ensure vital oversight, monitoring

- 104 and evaluation of the industrial strategy for the long-term.
- 105 9. Explore new ways to improve interdepartmental work on
- 106 cross-cutting policies, such as giving the Cabinet Office
- 107 more powers to coordinate and implement industrial
- 108 strategy.

### **F10 A Better Start in Life (Early Years Education and Childcare Policy Paper)**

*Federal Policy Committee*

Mover: Munira Wilson MP (Spokesperson for Education, Children and Young People).

Summation: Cllr Dine Romero (Chair of the Policy Working Group).

- 1 Conference believes that flexible, affordable childcare and
- 2 early years education is a critical part of a liberal society and
- 3 contributes to economic performance because:
  - 4 i) It gives parents more choice over how to organise their
  - 5 lives and helps them return to work if they want to.
  - 6 ii) Lack of access to affordable childcare is a key driver of
  - 7 the gender pay gap.

## Saturday 23 September cont.

8 iii) High-quality early years education is the best possible  
9 investment in the future and the most effective way of  
10 narrowing the gap between rich and poor children.

11 Conference also believes that:

12 A. Parents should also have greater flexibility and choice over  
13 how to juggle work with parenting in the first months of their  
14 child's life and many fathers would like to have more  
15 involvement in directly caring for their children.

16 B. All parents, whether or not they wish to return to work or  
17 spend more time raising their children, deserve more help.

18 Conference further believes that every child deserves access  
19 to high-quality education, including children with young people  
20 with Special Educational Needs and Disabilities (SEND), and  
21 that early diagnosis is crucial.

22 Conference recalls that:

23 I. In Government, Liberal Democrats increased the number  
24 free childcare hours for three- and four-year-olds,  
25 introduced 15 hours a week of free early years education for  
26 disadvantaged two-year-olds, and created the Early Years  
27 Pupil Premium to give extra support to disadvantaged  
28 three- and four-year-olds.

29 II. At the 2019 general election, Liberal Democrats called for  
30 a properly-funded entitlement to free, high-quality childcare  
31 for every child aged two to four and children aged between  
32 nine and 24 months where their parents or guardians are in  
33 work: 35 hours a week, 48 weeks a year.

## Saturday 23 September cont.

34 Conference regrets that the funding promised by the  
35 Conservatives for their 30 hour childcare proposal falls far  
36 short of what it will actually cost to provide these hours or to  
37 address the existing underfunding of early years provision, and  
38 may exacerbate the problems parents already face: a lack of  
39 nursery or childminder places and eye-watering fees for full-  
40 time childcare.

41 Conference therefore endorses the vision for early years and  
42 childcare set out in policy paper 152, *A Better Start in Life*, and  
43 in particular welcomes its proposals to:

- 44 1. Move towards our vision of universal free high-quality  
45 childcare and early years education by:
- 46 a) Fixing the problems with the Government's expansion  
47 of free childcare, starting with a review of the rates  
48 paid to providers to ensure they cover the actual  
49 costs of delivering high-quality childcare and early  
50 years education.
- 51 b) Investing in high-quality early years education and  
52 closing the attainment gap by giving disadvantaged  
53 children aged two to four an extra five free hours a  
54 week and tripling the Early Years Pupil Premium to  
55 £1,000 a year.
- 56 c) Developing a career strategy for nursery staff,  
57 including a training programme with the majority of  
58 those working with children aged two to four to have  
59 a relevant Early Years qualification or be working  
60 towards one.
- 61 d) Restoring childminding as a valued part of the early  
62 years system by replacing the three different current  
63 registration processes with a single childcare register  
64 and commissioning a practitioner-led review to

**Saturday 23 September cont.**

- 65           simplify regulation, reduce administrative burdens
- 66           and attract new childminders while maintaining high
- 67           standards.
  
- 68        e) Reaffirming our long-term commitment universal free
- 69        childcare as set out in our last election manifesto.
  
- 70    2. Achieve greater flexibility and choice for parents by:
- 71        a) Giving all families (including self-employed parents,
- 72        adoptive parents and kinship carers):
- 73            i) 6 weeks of use-it-or-lose-it leave for each parent, paid
- 74            at 90% of earnings.
- 75            ii) 46 weeks of parental leave to share between
- 76            themselves as they choose, paid at the level of the
- 77            minimum wage (double the current statutory rate).
- 78        b) Introducing paid neonatal care leave.
- 79        c) Paying an enhanced rate of Child Benefit for one-
- 80        year-olds.
  
- 81    3. Ensure every child with SEND has the support they need by:
- 82        a) Giving local authorities extra funding to halve the
- 83        amount that schools pay towards the cost of a child's
- 84        Education, Health and Care plan.
- 85        b) Introducing a National Body for SEND which will fund
- 86        the costs of very high needs over £25,000 a year.

*Applicability: England only; except 2. (lines 70–80), which is Federal.*

**Saturday 23 September cont.****F12 Restore Standards in Public Life**

10 members

Mover: Zöe Franklin.

Summation: Monica Harding.

- 1 Conference notes:
- 2 i) The deterioration of standards in public life under the  
3 Conservatives.
- 4 ii) The resignation of Boris Johnson, who was subsequently  
5 found to have deliberately misled Parliament by the  
6 Privileges Committee, and Liz Truss, after the  
7 Conservative Government crashed the economy.
- 8 iii) Rishi Sunak's promise on the steps of Downing Street to  
9 govern with 'integrity, accountability and professionalism',  
10 which was immediately followed by his decision to  
11 appoint Suella Braverman, Dominic Raab, Gavin  
12 Williamson and Nadhim Zahawi.
- 13 iv) That the seemingly endless stream of standards scandals  
14 has not abated under Rishi Sunak – with three Cabinet  
15 resignations over standards as well as a number of  
16 Conservative MPs.
- 17 v) That the role of the Government Ethics Adviser was  
18 vacant for six months and when the Prime Minister finally  
19 made an appointment, he decided not to give them  
20 powers to initiate investigations.
- 21 vi) That the Ministerial Register of Interests was not updated  
22 for almost a year, despite a significant turnover of  
23 Government Ministers, having the effect that  
24 Government Ministers were subject to lower  
25 transparency requirements than backbench MPs.

**Saturday 23 September cont.**

- 26 vii) The resignation of Richard Sharp, the Chair of the BBC,  
27 after failing to declare his connection to a loan made to  
28 Boris Johnson.
- 29 viii) That Rishi Sunak granted Boris Johnson honours to his  
30 cronies, and failed to approve the Privileges Committee  
31 report which found that Johnson had deliberately misled  
32 Parliament.
- 33 Conference believes that:
- 34 A. Those in power must be held to account.
- 35 B. Rishi Sunak's promise to govern with 'integrity,  
36 accountability and professionalism' has been  
37 comprehensively trashed.
- 38 C. The Conservatives' seemingly endless standards  
39 scandals are damaging trust in the UK's political system.
- 40 D. It is vital that standards in public life are restored.
- 41 Conference accordingly calls on the Government to:
- 42 1. Make the role of the Ethics Adviser truly independent by:
- 43 a) Empowering the Ethics Adviser so they can initiate  
44 their own investigations, determine breaches and  
45 publish their report.
- 46 b) Putting the role of the Ethics Adviser on a statutory  
47 basis and giving Parliament the power to appoint the  
48 Ethics Adviser.
- 49 2. Enshrine the Ministerial Code in legislation.
- 50 3. Introduce new rules to ensure that a Prime Minister must  
51 have served for at least one year before becoming

**Saturday 23 September cont.**

- 52 eligible to access the Public Duty Cost Allowance fund of  
 53 up to £115,000 per annum.
- 54 4. Ensure that Ministers receive annual training to prevent  
 55 further standards scandals.
- 56 5. Establish a rigorous, transparent and independent  
 57 process to appoint significant public roles, including  
 58 the BBC Chair, involving a confirmatory vote by the  
 59 relevant Parliamentary select committee.
- 60 6. Bring reporting standards for the Ministerial Register of  
 61 Interests in line with the House of Commons Register of  
 62 Members’ Interests, so that publication takes place more  
 63 frequently.
- 64 7. Given the deficit of trust, restore confidence that the  
 65 public have in politics by implementing fair votes via  
 66 proportional representation.
- 67 Conference calls on the Prime Minister to apologise for  
 68 Conservative standards scandals and recommit to the  
 69 Nolan principles of public life.

#### **F13 Ending Period Poverty**

Saturday

*Lambeth and Young Liberals*

Mover: Rebecca Jones.

Summation: Cllr Donna Harris.

- 1 Conference notes that:
  - 2 I. The average spend on sanitary products is £120 a year,  
3 according to the charity Bloody Good Period.
  - 4 II. A poll from Plan International reveals that over a quarter  
5 (28%) of girls aged 14–21 in the UK are struggling to afford  
6 period products, and nearly 1-in-5 (19%) report being  
7 unable to afford period products at all since the start of  
8 2022.
  - 9 III. An ActionAid 2022 survey showed that of those who have  
10 struggled to afford menstrual products in the last six  
11 months, 75% said they had prioritised spending money on  
12 food, 49% had prioritised gas/electric, and 31%  
13 prioritised fuel.
  - 14 IV. Nearly half (46%) of those who struggled to afford sanitary  
15 products in the last six months kept sanitary pads or  
16 tampons in for longer than recommended or used toilet  
17 paper, and 10% doubled up their underwear; and women,  
18 girls and others who menstruate are at risk of Toxic Shock

**Saturday 23 September cont.**

- 19        Syndrome (TSS) if they do not have access to clean period
- 20        products.
  
- 21 V.      There is significant evidence of the widespread adverse
- 22        impact of periods on attendance in education and at work.
  
- 23 VI.     Menstruation is not just a women’s issue, and also affects
- 24        some trans and non-binary people.
  
- 25 VII.    Vulnerable people, such as asylum seekers, have particular
- 26        difficulty in accessing sanitary products. Three quarters of
- 27        such women interviewed by Women for Refugee Women
- 28        struggled to obtain period pads or tampons while
- 29        destitute.
  
- 30 VIII.   The Scottish Parliament has enacted legal requirements in
- 31        the Period Products (Free Provision) (Scotland) Act 2021
- 32        to allow anyone who needs period products to receive
- 33        them free of charge; to have the power to make other
- 34        public bodies provide free period products; and for local
- 35        councils and education providers to make period
- 36        products freely available within their buildings.
  
- 37 IX.     The Period Products Scheme for schools and colleges in
- 38        England has provided free period products to all state-
- 39        maintained schools and 16–19 education organisations in
- 40        England since 2020.
  
- 41 X.      Many local authorities, including Liberal Democrat-
- 42        controlled Sutton Council, have committed to providing
- 43        sanitary products in council buildings but need long-term
- 44        funding from the UK Government to continue this support.
  
- 45 XI.     The public health grant is used to provide vital services
- 46        that support health and it has been cut by 26% in real
- 47        terms per capita since 2015/16 (equivalent to a reduction
- 48        of £1bn).
  
- 49 XII.    More than a quarter of women (26%) have experienced
- 50        negative comments about their periods.

## Saturday 23 September cont.

51 XIII. Half (48%) of women and girls aged between 14 and 21 are  
52 embarrassed by their periods, and 22% do not feel  
53 comfortable discussing periods with their teachers.

54 Conference believes that:

55 A. Period products are a human right, not a luxury.

56 B. Nobody should experience period poverty.

57 C. England's current free period product provision is not fit  
58 for purpose.

59 D. It is in everyone's interests for stigma around periods to  
60 be addressed.

61 Conference reaffirms:

62 i) The Liberal Democrat commitment to expand the rollout  
63 of free menstrual products to homeless shelters,  
64 women's refuges, foodbanks, NHS GP surgeries, and  
65 universities in England.

66 ii) The principle of equality of opportunity in which everyone  
67 should expect a fair start in life and equal opportunities  
68 throughout life.

69 Conference calls on the UK Government to:

70 a) Introduce a right for people in England to access a choice  
71 of free period products.

72 b) Place a duty on local authorities and education providers  
73 to make period products freely available in their buildings,  
74 providing guidance and additional funding to support  
75 them in doing so.

**Saturday 23 September cont.**

- 76 c) Give consideration as to how free period products can be  
77 made available to groups who might face barriers to  
78 accessing them, including people with disability, gypsy/  
79 travellers, victims of domestic abuse, carers, asylum  
80 seekers, refugees, homeless people, and people living in  
81 remote locations.
- 82 d) Improve comprehensive education on periods for both  
83 educators and young people, to ensure an appreciation  
84 for the lived experience of menstruation, and a  
85 widespread understanding of period products.
- 86 e) Reinstatement of the public health grant to a minimum real-terms  
87 per capita equivalent of 2015 – the grant from which  
88 these activities will be funded.

89 Conference further calls for:

- 90 1. Universities to develop action plans to tackle period  
91 poverty and its stigma on campus.
- 92 2. Employers to voluntarily provide free period products in  
93 the workplace.

### **F15 Making the Fight Against Climate Change Accessible**

*14 members*

Mover: Charley Hasted.

Summation: To be announced.

- 1 Conference notes that:
  - 2 a) Single-use plastics used in Health and Social Care contexts  
3 create millions of tonnes of plastic waste a year, much of  
4 which will go to landfill or be incinerated.
  - 5 b) While there are some alternatives to single-use plastics in  
6 equipment used for medical, social care and accessibility  
7 equipment, many are unavailable, unaffordable or impractical  
8 for many people.
  - 9 c) Many older and disabled people have experienced  
10 difficulties with different climate change or pollution  
11 prevention strategies such as the banning of plastic straws,  
12 pedestrianisation, cycle lanes and LTNs, which often fail to  
13 take their needs into account.
  - 14 d) Many transport alternatives to private cars remain  
15 inaccessible or unaffordable for disabled and older people,  
16 especially where they require adaptive or alternate  
17 provision.

## Sunday 24 September cont.

18 Conference believes that while there have been many  
19 progressive steps in reducing climate change in recent years,  
20 efforts to consider the specific needs of disabled and older  
21 people have often been missed, leading to many disabled  
22 people experiencing significant difficulty in supporting the  
23 fight against climate change, or feeling excluded from society  
24 by some measures.

25 Conference further believes that disabled and older people  
26 deserve to have access to options which allow them to take a  
27 full and equal part in the fight against climate change and in  
28 society as a whole.

29 Conference therefore calls for:

- 30 1. The allocation of at least 3% of government research and  
31 development funding on environmental and anti-climate  
32 change to projects centred around bringing benefits and  
33 change to the health and social care sectors and a further  
34 2% to projects that will support disabled people to live more  
35 environmentally friendly lives while maintaining their health  
36 and independence (e.g. developing affordable  
37 biodegradable or recyclable alternatives to commonly used  
38 items such as gloves, packaging and incontinence pads).
- 39 2. Requirements on NHS trusts, care agencies, residential  
40 facilities and local authorities to develop strategies to  
41 reduce plastic use and increase the recycling of non-  
42 biohazardous plastic waste.
- 43 3. Schemes aimed at increasing the uptake of environmentally  
44 friendly transport options to provide accessible and  
45 adaptable options (e.g. hand cycles and tricycles in cycle  
46 salary sacrifice schemes).
- 47 4. Requirements on public transport and infrastructure

## Sunday 24 September cont.

- 48 companies to make all their provision completely and  
 49 independently accessible by 2027.
- 50 5. Requirements on central and local government initiatives  
 51 focusing on reducing emissions and improving public  
 52 transport and public spaces to work with disabled people in  
 53 the planning and implementation stages of projects to  
 54 mitigate any negative impact on disability communities.

### **F16 Fixing Fast Fashion – Reduce, Reuse, Recycle**

*40 members*

Mover: Eleanor Kelly.

Summation: Elsie Gisslegard.

- 1 Conference notes with concern that:

## Sunday 24 September cont.

- 2 i) The fashion industry is responsible for 10% of greenhouse  
3 gas emissions globally.
- 4 ii) The UK consumes more new clothing than any other  
5 European country at 26.7kg per capita, with individuals  
6 spending an average of £980 per year.
- 7 iii) Further environmental damage is caused by the fashion  
8 industry, including:
  - 9 a) 20% of water pollution resulting from the textile dying  
10 process, the second largest polluter of water globally.
  - 11 b) Microplastics from synthetic clothing contributing to  
12 20–35% of primary source marine microplastics, with up  
13 to 700,000 fibres released in a single 6kg domestic wash.
  - 14 c) A water footprint of eight billion cubic metres, from  
15 clothing use in the UK.
- 16 iv) Fabric accounted for 800,000 tonnes of waste in the UK in  
17 2016, a considerable increase from 700,000 tonnes in 2012.
- 18 v) Overall consumption of garments since the 1980s has  
19 increased due to the ongoing decline in quality and  
20 longevity driven by the fast fashion business model.
- 21 vi) Landfill and incineration, often in less economically  
22 developed countries, is the endpoint of at least 64% of  
23 garments globally, only 1% of garments are recycled into  
24 new clothing.
- 25 vii) Modern slavery and unethical labour practices are  
26 notoriously linked to the fashion industry both globally and  
27 locally, including Shein employees being paid as little as  
28 three pence per garment, and forced labour of the Uyghur  
29 minority in China; there are also reports that garment  
30 workers in UK production centres such as Leicester are  
31 frequently paid below the minimum wage.

**Sunday 24 September cont.**

32 Conference believes that:

- 33 A. The fast fashion business model is inherently dependent on  
34 exploitative environmental practices and human rights  
35 abuses.
- 36 B. Everyone should have access to high quality clothing and  
37 informed consumer choice upon purchase.
- 38 C. Everyone deserves fair wages and employment practices,  
39 no matter where they live in the world.
- 40 D. Urgent action is needed to tackle the climate emergency,  
41 including a shift towards circular economies.
- 42 E. Solutions to global crises require action on both the  
43 national and local level.

44 Conference calls for:

- 45 1. The introduction of a 1p levy on new garments produced for  
46 sale on the UK market, with the proceeds ringfenced for the  
47 improvement and development of local recycling facilities  
48 and collection.
- 49 2. A ban on the incineration or landfilling of used and new  
50 textiles which can be reused or recycled.
- 51 3. The UK Government to incentivise the reuse and  
52 repurposing of garments by offering favourable VAT rates to  
53 resale shops and online platforms, rental services, and  
54 tailoring and repair services.
- 55 4. Legislation obliging retailers to guarantee full traceability in  
56 their supply chains, ensuring ethically sourced materials,  
57 decent livelihoods, and safe working conditions, as well as  
58 the introduction of 'joint liability' for subcontractors in the  
59 fashion and fabric industry.

## Sunday 24 September cont.

- 60 5. The UK Government to effectively enforce current  
61 labour rights including compliance with minimum wage  
62 requirements.
- 63 6. The cost of clothing to be explicitly considered in the  
64 calculation of benefit rates.
- 65 7. Support for local clothes swapping initiatives, especially for  
66 school uniforms and workwear.
- 67 8. Revision of the guidance on school uniform, emphasising  
68 affordability and limiting the number of unique and branded  
69 items.
- 70 9. Further research into design techniques that limit synthetic  
71 fibre emissions, including investigation of the occupational  
72 health risks associated with synthetic fibres, with quick  
73 actions taken by the Health and Safety Executive based on  
74 findings.
- 75 10. Government-led collaboration among fashion retailers,  
76 water firms, and washing machine manufacturers to tackle  
77 microfibre pollution, holding product-producing companies  
78 ultimately responsible.
- 79 11. Extension of the proposed virgin plastics tax to textile  
80 products containing less than 50% recycled PET, to  
81 stimulate the UK market for recycled fibres.
- 82 12. Measures encouraging the adoption of sustainable fibre  
83 production, with an emphasis on reducing the water  
84 footprint.

### 10.05 Policy motion

Chair: Duncan Brack. Aide: Cllr Darryl Smalley. Hall Aide: Cllr Shaffaq Mohammed.

## **F17 Transforming the Nation's Health**

*10 members*

Mover: Daisy Cooper MP (Spokesperson for Health and Social Care).

Summation: Lord Allan (Lords Spokesperson for Health and Social Care).

- 1 Conference notes with concern that:
  - 2 A. The United Kingdom is lagging behind its peers when it
  - 3 comes to people's health – it is 29th in the Global obesity
  - 4 rankings, has the worst healthy life expectancy in Western
  - 5 Europe, and according to one study has the worst mental
  - 6 health in the world.
  - 7 B. A quarter of a million more Britons died sooner than
  - 8 expected compared to our European peers between 2012
  - 9 and 2022.

## Sunday 24 September cont.

- 10 C. Health inequalities are on the rise – the life expectancy of a  
 11 man in Kensington and Chelsea can now expect to live for  
 12 27 years longer than a man in Blackpool.
- 13 D. Two-thirds of the adult UK population is overweight – the  
 14 NHS spends a tenth of its entire budget on treating  
 15 diabetes, and the proportion is rising year on year.
- 16 E. The public health grant has been cut by 26% on a real-  
 17 terms per person basis since 2015/16.
- 18 F. Since the Covid-19 pandemic economic inactivity in the UK  
 19 has increased by around 700,000 people to 2.5 million, with  
 20 ill health being the main reason reported by people aged 50  
 21 to 69.
- 22 G. Smoking, obesity and mental-health-related issues alone  
 23 are estimated to cost the UK economy almost £200 billion  
 24 per year.
- 25 H. More than 7 million people are currently waiting for  
 26 treatment on the NHS, cancer wait times targets continue  
 27 to be missed across the board, and demand for GP services  
 28 continues to outstrip supply.
- 29 Conference believes that:
- 30 I. The UK should be one of the healthiest countries in the  
 31 world.
- 32 II. Government should actively support its citizens to lead  
 33 healthy lives by empowering individuals to improve their  
 34 own health, creating healthier environments, and funding  
 35 communities to decide how to better their health.
- 36 III. The Conservatives have squandered numerous  
 37 opportunities to reform public health, and take easy steps  
 38 to improve children's health in particular

## Sunday 24 September cont.

- 39 IV. A key way to improve people's health and wellbeing,  
40 alleviate the pressure on NHS services and to spend tax-  
41 payers money more effectively, both now and in the future,  
42 is to invest in prevention by expanding public health  
43 initiatives and primary care.
- 44 Conference reaffirms commitments to:
- 45 a) Closing many of the loopholes that exist in the current  
46 sugar levy and extending it to include juice- and milk-based  
47 drinks that are high in added sugar.
- 48 b) Restricting how products high in fat, salt and sugar are  
49 marketed and advertised by retailers.
- 50 c) Reducing smoking rates by introducing a new levy on  
51 tobacco companies to contribute to the costs of healthcare  
52 and smoking cessation services.
- 53 d) Reversing government cuts to public health grants.
- 54 e) Legislating for a right to clean air.
- 55 Conference calls for:
- 56 1. Improving the health of the nation to be the central driving  
57 mission for this and the next government, with a shift in  
58 focus to preventing ill health, tackling health inequalities,  
59 adopting an 'invest to save' funding model and the creation  
60 of a 'health creation' unit in the Cabinet Office to ensure  
61 that all legislation maximises opportunities for improving  
62 the nation's health.
- 63 2. The progressive restoration of the Public Health Grant to  
64 2015 levels, with a proportion of these funds be set aside  
65 for local communities experiencing the worst health  
66 inequalities to co-produce plans on how the money should

**Sunday 24 September cont.**

67 be spent.

68 3. A concerted effort to improve children's health, including  
69 an end to the sale of energy drinks to under 16s; adverts  
70 promoting junk-food to only be allowed after 9pm to  
71 ensure that they are less likely to be seen by children, and  
72 for local authorities to be given the powers to limit the  
73 location and number of junk-food advertising and  
74 unhealthy food outlets in the vicinity of nurseries and  
75 schools.

76 4. The launch of a government-backed nation-wide public  
77 health campaign to get the country moving, encourage  
78 exercise and strength training, and forming healthier habits,  
79 backed by a dedicated bank holiday dedicated to healthier  
80 lifestyles events nationwide.

81 5. Higher food standards in schools and hospitals so that  
82 every child and patient is receiving a healthy and balanced  
83 diet.

84 6. The halt of the dangerous use of vapes amongst children  
85 and non-smokers by introducing tougher regulation on  
86 vapes, such as standardised packaging, an end to toy-like  
87 advertising targeted at children, a ban on the sale of single  
88 use vapes, and the licensing of their sales, whilst  
89 recognising their role in smoking cessation for adult.

90 7. Improved access to blood pressure tests in community  
91 spaces, such as pharmacies, libraries, and job centres to  
92 reach those who are less likely or able to seek health care  
93 from their GP.

94 8. An expansion of social prescribing by sharing best practice  
95 across the NHS and GPs, and investment in community  
96 projects that bring people together to combat loneliness.

97 9. A new kite-mark for health apps and digital tools that are  
98 clinically proven to help people lead healthier lives so  
99 patients can take control of their own health.

## Sunday 24 September cont.

100 10. A consultation on a new national designation of ‘critical  
 101 health infrastructure’ to cover local authority swimming  
 102 pools and leisure centres for example, to ensure that  
 103 people’s access to affordable local health facilities is not  
 104 overlooked in future national crises.

*Applicability: England only; except a) (lines 45–47), c) (lines 50–52), ‘adverts promoting junk-food to only be allowed after 9pm to ensure that they are less likely to be seen by children’ in 3. (in lines 69–71) and 6. (lines 84–89), which are Federal.*

- 1 Conference resolves to amend the Constitution as follows:
- 2 1. *In Article 10.2 (I), add new G. and renumber accordingly:*
- 3       G. one representative of the Affiliated Organisation
- 4       representing youth and students, elected by its own
- 5       procedures (the Youth and Student Affiliated
- 6       Organisation may appoint a substitute member
- 7       should the elected member be unable to attend a
- 8       specific meeting of the FPC).
- 9 2. *In Article 11.2 (I), add new D. and renumber accordingly:*
- 10       D. one representative of the Affiliated Organisation
- 11       representing youth and students, elected by its own
- 12       procedures (the Youth and Student Affiliated
- 13       Organisation may appoint a substitute member

### F19 Investing in our Children's Future

11 members

Mover: Callum Robertson.

Summation: Munira Wilson MP (Spokesperson for Education, Children and Young People).

- 1 Conference believes that:
  - 2 I. Every child, no matter their background, can achieve great
  - 3 things; they deserve the best possible start in life, with
  - 4 schools that enable them to attain academic excellence.
  - 5 II. Education is the best investment we can make in our
  - 6 country's future.
  - 7 III. The Conservatives have consistently let down children and
  - 8 parents, neglected schools and colleges, and failed to
  - 9 grasp the scale of the pandemic's damage to children's
  - 10 learning and mental health.
- 11 Conference notes that:
  - 12 A. Schools are being forced to cut back on staff, school trips
  - 13 and IT equipment to manage rising costs.
  - 14 B. Since 2019, 39 schools have fully or partly closed because
  - 15 they were unsafe.
  - 16 C. The Pupil Premium has proved very effective at closing the
  - 17 attainment gap for pupils from disadvantaged backgrounds,
  - 18 but since 2015 the Conservatives have cut it by more than
  - 19 10% in real terms.
  - 20 D. 18% of children have a probable mental health disorder, yet
  - 21 government funding for mental health support teams for

## Sunday 24 September cont.

22 schools ends next year.

23 E. 800,000 children in poverty are ineligible for free school  
24 meals, and more than 200,000 eligible children are not  
25 registered – meanwhile, the Conservatives have cut  
26 funding for free school meals by 15% in real terms since  
27 2015.

28 F. There is a crisis in teacher recruitment and retention,  
29 leaving millions of secondary school pupils to be taught by  
30 someone who isn't a specialist teacher in their subject.

31 G. Employers are losing faith in England's exam system and  
32 using their own assessments instead.

33 H. The death of a headteacher in Reading tragically  
34 underscored the high-stakes nature of Ofsted inspections,  
35 which places teachers and school leaders under enormous  
36 strain.

37 I. Participation in extra-curricular activities improves school  
38 attendance and exam performance, and helps children to  
39 develop valuable skills such as creativity and teamwork.

40 J. Parental engagement in children's education can have a big,  
41 positive impact on attainment.

42 K. Only half of children with complex special educational  
43 needs and disabilities (SEND) receive an Education, Health  
44 and Care (EHC) plan within the 20-week limit, and 96% of  
45 SEND Tribunal cases are decided in the parents' favour.

46 L. The number of pupils in local authority-funded alternative  
47 provision (AP) settings has increased by 79% over the last  
48 five years, and there are now 6,800 AP placements with  
49 unregistered providers.

50 Conference calls on the Government to:

**Sunday 24 September cont.**

- 51 1. Invest in education by:
  - 52 a) Increasing school and college funding per pupil
  - 53 above the rate of inflation every year.
  - 54 b) Ending the scandal of crumbling school and college
  - 55 buildings by investing in new buildings and clearing
  - 56 the backlog of repairs.
  - 57 c) Reversing Conservative cuts to the Pupil Premium
  - 58 and free school meals, and introducing a Young
  - 59 People’s Premium for those aged 16–18.
  
- 60 2. Ensure that children are healthy, happy and ready to learn
  - 61 by:
    - 62 a) Putting a dedicated, qualified mental health
    - 63 professional in every school.
    - 64 b) Extending free school meals to all children in primary
    - 65 education and all secondary school children whose
    - 66 families receive Universal Credit, and automatically
    - 67 enrolling eligible children.
    - 68 c) Addressing the underfunding and neglect of
    - 69 children’s mental health services, youth services and
    - 70 youth justice services, so that less of the burden falls
    - 71 on schools.
  
- 72 3. Tackle the crisis in teacher recruitment and retention by:
  - 73 a) Creating a teacher workforce strategy to ensure that
  - 74 every secondary school child is taught by a specialist
  - 75 teacher in their subject.
  - 76 b) Reforming the School Teachers’ Review Body to make
  - 77 it properly independent of Government and able to
  - 78 recommend fair pay rises for teachers, and fully
  - 79 funding those rises every year.

## Sunday 24 September cont.

- 80 c) Funding teacher training properly so that all trainee  
81 posts in school are paid.
- 82 d) Introducing a clear and properly funded programme  
83 of high-quality professional development for all  
84 teachers, including training on effective parental  
85 engagement.
- 86 4. Urgently establish a standing commission to build a long-  
87 term consensus across parties and teachers to broaden the  
88 curriculum and make qualifications at 16 and 18 fit for the  
89 21st century, drawing on best practice such as the  
90 International Baccalaureate.
- 91 5. Implement root-and-branch reform of school inspections,  
92 to make Ofsted trusted by parents and a critical friend to  
93 schools, by:
- 94 a) Replacing single-grade judgements with report cards  
95 that show parents the true strengths and weaknesses  
96 of each school.
- 97 b) Ensuring that inspections deliver a complete  
98 evaluation of the whole school, including attainment,  
99 discipline, curriculum breadth, teacher workload,  
100 provision for children with SEND and mental ill health,  
101 and suitability of the workforce to deliver the  
102 curriculum.
- 103 c) Introducing annual safeguarding and financial check-  
104 ups, separate to Ofsted, to ensure consistent good  
105 governance.
- 106 d) Requiring Ofsted to work with schools, providing the  
107 guidance and support they need to improve, rather  
108 than simply changing governance.

## Sunday 24 September Cont.

- 109 6. Expand provision of extra-curricular activities, such as  
110 sport, music, drama, debating and coding, starting with a  
111 new free entitlement for disadvantaged children.
- 112 7. Implement a new parental engagement strategy, including a  
113 regular, published parent survey and guidance for schools  
114 on providing accessible information to parents on what  
115 their children are learning.
- 116 8. Tackle the crisis in SEND funding by:
- 117 a) Giving local authorities extra funding to halve the  
118 amount that schools pay towards the cost of a child's  
119 EHC plan.
- 120 b) Establishing a National Body for SEND to fund  
121 support for children with high needs.
- 122 9. Require all AP settings to be registered.
- 123 10. Support the education of children in care, extend Pupil  
124 Premium Plus funding to children in kinship care, and  
125 guarantee any child taken into care a school place within  
126 three weeks, if required to move schools.

## Sunday 24 September cont.

1 Conference applauds the remarkable decency and strength of  
2 people across the United Kingdom, from all backgrounds and  
3 all walks of life: working hard, raising families, helping others  
4 and playing by the rules, even in very tough times.

5 Conference reaffirms that the Liberal Democrats exist to build  
6 and safeguard a fair, free and open society, welcomes the  
7 enormous strides that Britain has taken towards that goal over  
8 the centuries, and celebrates the role that Liberals and Liberal  
9 Democrats have played in leading that change.

10 However, Conference believes that, after years of Conservative  
11 neglect, the social contract – or fair deal – between people  
12 and government has been shattered.

13 Conference condemns the out-of-touch Conservative  
14 Government for letting the British people down and taking  
15 them for granted, and in particular for:

- 16 I. Failing to help struggling families and pensioners in the  
17 face of the biggest cost-of-living crisis since the 1950s,  
18 and instead making it worse by badly mismanaging the  
19 economy and recklessly damaging the public finances.
- 20 II. Plunging the NHS into crisis, running local health services  
21 into the ground and putting people, buildings and beds  
22 under immense pressure, and breaking their promise to fix  
23 the crisis in social care.
- 24 III. Neglecting education and failing to grasp the scale of the  
25 damage that the Covid pandemic has done to children's  
26 learning and mental health.
- 27 IV. Damaging our natural environment, failing to bring forward  
28 credible plans to tackle climate change, and allowing water

**Sunday 24 September cont.**

- 29 companies to pump raw sewage into rivers, lakes and
- 30 coastal areas.
- 31 V. Failing even to get the basics right on crime and policing,
- 32 allowing far too many criminals to get away with it.
- 33 VI. Failing to stand up to hatred and prejudice or tackle
- 34 entrenched inequalities, and repeatedly undermining
- 35 fundamental British rights and freedoms.
- 36 VII. Creating a crisis for democracy with their cronyism, rule-
- 37 breaking and constant sleaze scandals.
- 38 VIII. Damaging British families and businesses with their
- 39 botched deal with Europe, and undermining the UK's
- 40 international reputation by threatening to break
- 41 international law, slashing the international development
- 42 budget and trashing our relations with our allies.
- 43 Conference also condemns the Labour Party for failing to offer
- 44 an ambitious vision for the country or long-term solutions to
- 45 the challenges we face, and the SNP for its record of failure,
- 46 chaos and division in Scotland.
- 47 Conference decries the UK's political system as fundamentally
- 48 broken – millions of people feel powerless and excluded,
- 49 robbed of their rightful say and unable to hold the powerful to
- 50 account.
- 51 Conference believes that the British people deserve a fair deal
- 52 that gives everyone the power to make the most of their
- 53 potential and real freedom to decide how they live their lives.
- 54 Conference calls for a fair deal with five key themes:
- 55 A. A fair, prosperous and innovative economy that promotes

## Sunday 24 September cont.

- 56 opportunity and wellbeing.
- 57 B. Fair access to good public services and a strong social  
58 safety net.
- 59 C. A flourishing environment, with fair access to nature for all.
- 60 D. A strong United Kingdom and a fair international order.
- 61 E. A truly fair democracy, where everyone's rights are  
62 respected and individuals and communities are  
63 empowered.
- 64 Conference therefore endorses policy paper 153, *For A Fair*  
65 *Deal*, as the basis for constructing the party's manifesto for the  
66 next general election, and welcomes its key commitments to:
- 67 1. Invest in renewable power and home insulation, to drive a  
68 strong economic recovery, bring down energy bills and  
69 create clean, secure, well-paid new jobs.
- 70 2. Give everyone a new right to see their GP within seven  
71 days, or 24 hours if it's urgent, with the extra doctors  
72 needed to make it happen.
- 73 3. Hold big companies to account by giving them a duty to  
74 protect the environment, including banning water  
75 companies from dumping raw sewage into rivers, lakes  
76 and coastal areas.
- 77 4. Immediately fix our broken relationship with Europe, forge  
78 a new partnership built on cooperation, not confrontation,  
79 and move to conclude a new comprehensive agreement  
80 which removes as many barriers to trade as possible.
- 81 5. Introduce proportional representation for electing MPs,  
82 and local councillors in England.
- 83 6. Build a strong, fair economy that benefits everyone in the  
84 UK, through investment in infrastructure, innovation and

- 85 skills, fair taxes and responsible management of the public
- 86 finances.
  
- 87 7. Ensure that everyone can get the care they need by
- 88 recruiting, training and retaining more doctors and nurses,
- 89 reforming NHS dentistry, and fixing the crisis in social care.
  
- 90 8. Invest in education, from early years throughout adulthood,
- 91 and give every child the support and attention they need
- 92 to flourish at school.
  
- 93 9. Repair the broken benefits safety net and set a target of
- 94 ending deep poverty within a decade.
  
- 95 10. Restore proper community policing, where officers are
- 96 visible, trusted and focused on preventing and solving
- 97 crimes.
  
- 98 11. Mend our broken politics by strengthening democratic
- 99 rights and participation and ensuring that Ministers are
- 100 held to account for corruption and sleaze.
  
- 101 12. Empower local communities and regions to take the action
- 102 they need to improve their areas and ensure that everyone
- 103 has access to housing that meets their needs.
  
- 104 13. Champion the freedom, dignity and well-being of every
- 105 individual, and resist any attempts to weaken or repeal the
- 106 UK's Human Rights Act.
  
- 107 14. Ensure that the UK stands tall on the world stage,
- 108 championing the values of equality, democracy, human
- 109 rights and the rule of law, restoring the UK's reputation as
- 110 an international development superpower, and fixing the
- 111 UK's broken relationship with Europe following the four-

**F25 Protecting our Neighbourhoods: A Return to Community Policing**

*11 members*

Mover: Caroline Pidgeon MBE AM.

Summation: Cllr Paul Kohler.

- 1 Conference believes that:
  - 2 i) Everyone deserves to feel safe in their own home and  
3 walking down their own streets.
  - 4 ii) High rates of unsolved crimes embolden criminals, making  
5 them feel like they can get away with it.
  - 6 iii) Public trust in the police is essential for policing by consent,  
7 and feeling confident that the police will respond to and  
8 properly investigate local crime is key for building that  
9 trust.
- 10 Conference notes with grave concern that under the  
11 Conservative Government, police resources have not been  
12 used effectively – and as a result, frontline policing across the  
13 country has been left over-stretched, under-resourced, and  
14 unable to properly focus on local crime.
- 15 Conference further notes that:

## Sunday 24 September cont.

- 16 a) An average of 5,700 crimes went unsolved across England  
17 and Wales every day in 2022, with only 5.6% of crimes  
18 leading to a suspect being charged or summoned.
- 19 b) The vast majority of burglaries go unsolved, while more than  
20 45,000 burglaries were not even attended by an officer last  
21 year.
- 22 c) 56% of people reported to never see police on foot patrols  
23 in their neighbourhoods as of February 2023, despite the  
24 Government achieving the 20,000 officer uplift.
- 25 d) As of 2022, only 12% of officers across England and Wales  
26 were assigned to frontline neighbourhood police teams.
- 27 e) More than 4,000 Police Community Support Officers  
28 (PCSOs) have been taken off the streets by the  
29 Conservative Government since 2015.
- 30 f) Over £100 million has been spent to run Police and Crime  
31 Commissioners' offices since 2019, despite little evidence  
32 they have made the police more accountable to local  
33 communities.
- 34 g) A recent report from His Majesty's Inspectorate of  
35 Constabulary and Fire & Rescue Services (HMICFRS)  
36 highlighted that police services are overwhelmed and  
37 under-equipped to deal with digital forensics.
- 38 h) Revelations uncovered by the Baroness Casey report,  
39 difficult to implement and draconian new anti-protest laws,  
40 as well as statistics on minority ethnic communities being  
41 disproportionately targeted by police stop and searches,  
42 have understandably eroded public trust in the police.

43 Conference therefore calls on the Government to:

- 44 1. Enable and encourage local forces to restore proper  
45 community policing, where officers have the time and

**Sunday 24 September cont.**

- 46 resources they need to focus on preventing and solving
- 47 crime.
- 48 2. Work with police services to determine what tasks are
- 49 using disproportionate amounts of police officers’ time,
- 50 and how those processes could be streamlined so that
- 51 police can spend more time in their communities.
- 52 3. Set up a new national Online Crime Agency, to better
- 53 protect people from online crime while freeing up local
- 54 forces’ time to tackle local crime.
- 55 4. Create a new statutory guarantee that all burglaries will be
- 56 attended by the police and properly investigated.
- 57 5. Scrap Police and Crime Commissioners and replace them
- 58 with Police Boards – made up of local councillors and
- 59 representatives from relevant local groups – while
- 60 investing the savings in frontline policing instead.
- 61 6. Urgently draw up a national recruitment, training and
- 62 retention strategy to tackle the shortage of detectives.
- 63 7. Require the Home Secretary, the Mayor of London and the
- 64 Metropolitan Police Commissioner to draw up an urgent
- 65 plan to implement the recommendations of the Baroness
- 66 Casey Review including on revamping vetting and
- 67 misconduct procedures, while encouraging other police
- 68 forces to implement those recommendations where
- 69 appropriate.
- 70 8. Help rebuild public trust in policing by ending the
- 71 disproportionate use of Stop and Search, repealing the
- 72 Public Order Act 2023 and improving access to restorative
- 73 justice services.
- 74 9. Introduce mandatory training for police in understanding
- 75 the impact of trauma on victims of violence against women
- 76 and girls, so that victims can be better supported and
- 77 women’s trust in the police can start to be rebuilt.

78 10. Make youth diversion a statutory duty so that every part of  
 79 the country has a pre-charge diversion scheme for young

### **F26 Standing order amendment: Limiting the Number of Constitutional Amendments and Standing Order Amendments that can be Discussed at Any One Conference**

*Federal Conference Committee*

*Mover: Duncan Brack.*

*Summation: Cllr Nick da Costa (Chair, FCC).*

1 Conference notes that:

## Sunday 24 September cont.

- 2 A. Under current standing orders, Federal Conference  
3 Committee is required to place on the agenda constitutional  
4 and standing orders amendments that are in order under  
5 the criteria listed in standing order 4.3.
- 6 B. Accordingly, significant amounts of time may have to be  
7 dedicated to debates on these matters regardless of the  
8 impact on other conference business.
- 9 Conference believes that while it is essential that party  
10 members are always able to propose amendments to the  
11 constitution or standing orders, it would be desirable to limit  
12 the amount of time that can be spent on them in any one  
13 conference.
- 14 Conference therefore agrees to the following amendments to  
15 standing order 4.3 (Motions for the amendment of the  
16 constitution or standing orders):
- 17 1. *In (b), delete ‘rejected’ and insert ‘selected for debate’.*

## Monday 25 September

Monday

09.00 Policy motion

Chair: Cllr Hannah Kitching. Aide: Cllr Nick da Costa (Chair, FCC).  
Hall Aide: Baroness Pinnock.

### **F27 Connecting Communities: Building a Transport Network Fit for the 21<sup>st</sup> Century**

*10 members*

Mover: Wera Hobhouse MP (Spokesperson for Energy, Climate Change and Transport).

Summation: Baroness Randerson (Lords Spokesperson for Transport).

## Monday 25 September cont.

- 1 Conference notes with concern that:
  - 2 A. Road transport contributes the greatest proportion of UK  
3 emissions (24%).
  - 4 B. Bus fares across England have risen by 89% since 2005,  
5 while rail fares rose by 3.8% in 2022 and 5.9% in 2023 – the  
6 biggest rise since 2012, meanwhile fuel duty has been  
7 frozen since 2010 and air passenger duty has been cut on  
8 internal flights.
  - 9 C. The government is committed to spending £24 billion on  
10 new roads.
  - 11 D. Almost a quarter of bus routes have been cut in the last ten  
12 years outside London, while rail passenger levels have only  
13 just recovered to their pre-pandemic levels.
  - 14 E. Despite promises to establish Great British Railways (GBR)  
15 to manage the railway's day-to-day operation the  
16 government is dragging its feet.
  - 17 F. Rail electrification is at a standstill, with just 101 miles (162.5  
18 km) of track due to be electrified this year with new lines  
19 such East-West Rail not being electrified as standard.
  - 20 G. The government does not have a plan to replace the  
21 revenue from fuel taxes as more people buy electric  
22 vehicles.
- 23 Conference believes that:
  - 24 i) Buses are one of the most accessible and affordable  
25 modes of public transport and are often relied upon by the  
26 very poorest as well as the old and the young.
  - 27 ii) Providing bus and rail links boosts local economies and  
28 enables people to access a wider range of local services.

## Monday 25 September cont.

29 iii) Buses are the easiest form of public transport to introduce,  
30 improve and expand because they require minimal  
31 infrastructure investment, especially when compared to  
32 trains or trams.

33 iv) Rapidly improving bus and rail services is essential if the UK  
34 is to reduce CO<sub>2</sub> emissions and cut air pollution, but  
35 decarbonisation is happening far too slowly.

36 v) The railways should be a green and environmentally friendly  
37 option for passengers and freight.

38 vi) The rail ticketing system is outdated and does not reflect  
39 the needs of passengers in the 21st century.

40 Conference reaffirms pledges in the Liberal Democrat 2019  
41 manifesto to:

42 a) Give new powers and funding to local authorities and  
43 communities to improve transport in their areas, including  
44 the ability to introduce network-wide ticketing, as in  
45 London.

46 b) Support rural bus services and encourage alternatives to  
47 conventional bus services where they are not viable.

48 c) Fix the railway's broken fares and ticketing system so that it  
49 provides better value for money.

50 d) Improve the experience of people who rely on the railways  
51 for work by investing in commuter routes and the  
52 integration of rail, bus and cycle routes and improve  
53 disabled access to public transport via the Access for All  
54 programme.

55 e) Be far more proactive in sanctioning and ultimately sacking  
56 train operators if they fail to provide a high-quality public  
57 service to their customers.

**Monday 25 September cont.**

58 Conference calls on the Government to:

- 59 1. Temporarily maintain the £2 cap on bus fares while fares  
60 are reviewed, including ensuring that bus operators and  
61 local authorities are not left out of pocket from bus fares,  
62 reviewing reimbursement rates for concessionary fares  
63 and that all fare revenue is reinvested in bus services.
- 64 2. Freeze rail fares until the end of the next parliament and  
65 introduce new incentive schemes to encourage people to  
66 travel by rail.
- 67 3. Give all local authorities greater powers and resources to  
68 franchise bus services and simplify the franchise  
69 application system and reverse the ban on local authorities  
70 setting up their own bus companies.
- 71 4. Extend half-fares on buses and trains to 18 year-olds,  
72 allowing them to continue receiving half-fares while still in  
73 full time education.
- 74 5. Introduce a ‘Young Person’s Buscard’, similar to the Young  
75 Person’s Railcard, for 19 to 25 year olds giving them a third  
76 off bus fares.
- 77 6. Support the development of innovative rural schemes for  
78 bus services.
- 79 7. Urgently establish the new Great British Railways before  
80 the next election to act as a "guiding mind" for the railway,  
81 ensuring that the needs of passengers and freight are put  
82 first, while abolishing the rail regulator.
- 83 8. Ensure that new rail timetables are focused on passenger  
84 needs rather than the interests of the rail operating  
85 company, with an emphasis on connectivity between buses  
86 and trains.
- 87 9. Establish a ten-year plan for rail electrification to increase  
88 the number of passenger journeys covered by electric

**Monday**

## Monday 25 September cont.

- 89 trains prioritising freight routes in the first five years to  
90 move more freight to rail.
- 91 10. Ensure all new railway lines are electrified as standard,  
92 including East West Rail.
- 93 11. Redirect the £24 billion road building budget towards  
94 investing in public transport and funding councils to  
95 maintain existing roads, including repairing potholes.
- 96 12. Reverse the government cuts to the active travel budget  
97 and introduce a nationwide strategy to promote walking  
98 and cycling, including the creation of dedicated safe  
99 cycling lanes.
- 100 13. Explore a new system to replace revenue from fuel duty  
101 which is fair and based on how often people drive, while  
102 recognising the needs of rural and remote communities.

**F28 Food and Farming (Food and Farming Policy Paper)**

*Federal Policy Committee*

Mover: Tim Farron MP (Spokesperson for Environment, Food and Rural Affairs).

Summation: Stuart Roberts (Chair of the Policy Working Group).

- 1 Conferences believes that:
  - 2 I. It is a national disgrace that anyone is living in food poverty  
3 in the UK.
  - 4 II. Farming, fishing and rural communities have been let down  
5 and taken for granted by the Conservatives and deserve  
6 better.
  - 7 III. The current global food system is failing to serve the  
8 interests and needs of citizens, food producers, the  
9 environment and our climate.
  - 10 IV. The UK's food security needs to be strengthened, with  
11 more sustainable domestic produce and reliable and  
12 trusted trading partners abroad.
  - 13 V. There is no trade off between the environment and food  
14 production, both can work together in harmony with the  
15 right investment and support.
  - 16 VI. A fair deal is needed for the UK's food system, which works  
17 for the natural environment, our climate consumers and  
18 producers.

## Monday 25 September cont.

19 Conference notes a string of Conservative failures on food and  
20 farming, particularly:

- 21 A. The dramatic rise in food poverty over the past decade,  
22 especially among children.
- 23 B. Their botched deal with Europe, that has strangled trade and  
24 investment in food, farming and fishing.
- 25 C. Trade agreements with Australia and New Zealand, which  
26 have undermined both UK standards and the farmers who  
27 adhere to them.
- 28 D. Their poor implementation of the Environmental Land  
29 Management schemes (ELMs) which has undermined  
30 farmers confidence in the future and undermined our  
31 natural environment.
- 32 E. A series of failed immigration policies have deprived farmers  
33 and fishers of hard working and skilled labour.
- 34 F. The dramatic rise in food prices since 2022, made worse by  
35 the Conservatives' incompetent handling of the economy.

36 Conference also notes that in Scotland and Wales the SNP and  
37 the Labour Party have also let down our farmers and fishers,  
38 failing to use the powers of the devolved assemblies to  
39 properly support Scottish and Welsh fishers, farmers,  
40 producers, processors and crofters.

41 Conference therefore endorses policy paper 154, *Food and*  
42 *Farming*, and its proposals for a comprehensive National Food  
43 Strategy, in particular:

- 44 1. End food poverty, and particularly child food poverty, within a  
45 decade by:

**Monday 25 September cont.**

- 46 a) Ending deep financial poverty, as set out in policy  
47 paper 150, *Towards a Fairer Society*.
- 48 b) Extending free school meals to all children in primary  
49 education and to all secondary school children whose  
50 families receive Universal Credit, and automatically  
51 enrolling eligible children and funding schools  
52 properly to pay for this.
- 53 c) Introducing a holistic and comprehensive strategy to  
54 provide everyone with nutritious and healthy food,  
55 through better education, industry reformulation and  
56 reforms to advertising.
- 57 2. Provide a fair deal for farmers and saving our natural  
58 environment by:
  - 59 a) Immediately raising the ELM budget by £1bn, so that  
60 farmers are properly rewarded and supported to  
61 transition to environmentally sustainable farming.
  - 62 b) Fully funding and resourcing the Agricultural  
63 Development & Advisory Service (ADAS) so that it  
64 can provide all farmers with the support and training  
65 they need.
  - 66 c) Introducing a range of other public money for public  
67 goods programmes, contingent on farmers and land  
68 managers opting in to an ELM scheme.
  - 69 d) Introducing a comprehensive plan to tackle  
70 antimicrobial resistance in farm animals.
  - 71 e) Introducing a new Land and Sea Use Framework, to  
72 strategically manage our natural resources as set out  
73 in policy paper 155, *Tackling the Nature Crisis*.
- 74 3. Strengthen UK food security and tackling food price rises  
75 by:

Monday

## Monday 25 September cont.

- 76 a) Introducing a proper visa and seasonal worker system  
 77 which allows our farmers and fishers to get access to  
 78 the workforce they need.
- 79 b) Sustainably increasing domestic food production by  
 80 providing our farmers with investment, training and  
 81 support.
- 82 c) Working with and rewarding farmers to reduce the  
 83 use of costly imported and environmentally harmful  
 84 artificial fertilisers and pesticides.
- 85 d) Developing a comprehensive land use and  
 86 horticulture strategy to effectively manage the  
 87 competing demands on land.
- 88 4. Allow our farmers and fishers to trade freely with Europe and  
 89 tackle food price rises by:
- 90 a) Signing a veterinary and phytosanitary agreement  
 91 with the EU as soon as possible.
- 92 b) Mutual recognition and alignment on standards and  
 93 quality.
- 94 c) Rebuilding trust and cooperation with Europe by  
 95 following the four-stage roadmap as set out in policy  
 96 paper 144, *Rebuilding Trade and Cooperation with*  
 97 *Europe*.
- 98 5. Prevent the undercutting of UK farmers and fishers in  
 99 international trade deals by:
- 100 a) Mandating proper democratic scrutiny and  
 101 accountability in trade deals.
- 102 b) Ensuring all imports meet UK environmental, climate  
 103 and animal welfare standards.
- 104 c) Renegotiating the Australia and New Zealand Free

**Monday 25 September cont.**

- 105 Trade Agreements so that farmers get a fair deal and
- 106 ensuring that in our future deals, UK standards are
- 107 upheld.
  
- 108 6. Put the world’s food system on a sustainable footing by
- 109 restoring the International Development budget and using
- 110 the money to invest and support sustainable farming
- 111 overseas.
  
- 112 7. Put the UK at the forefront of food and farming innovation by
- 113 introducing a Research and Innovation Fund to support new
- 114 and emerging technologies in the sector.
  
- 115 8. Give everyone confidence in the security and safety of the
- 116 food they buy by:
- 117 a) Providing local authorities with greater powers and
- 118 resources to inspect and monitor food production.
- 119 b) Ensuring all food meets UK standards for health, and
- 120 ensure goods are properly checked where
- 121 necessary.
- 122 c) Introducing robust and clear to understand food
- 123 labelling.

- 1 Conference notes that:
  - 2 A. The Conservative Government has introduced a new law  
3 requiring voters to show photo ID in order to vote in:
    - 4 ii) General elections, parliamentary by-elections and  
5 recall petitions across the UK.
    - 6 iii) Local elections and referendums in England.

8 and Wales.
  - 9 B. The crime of personation – pretending to be someone else  
10 in order to vote – is incredibly rare: in the May 2022  
11 elections, there were just seven allegations of personation in  
12 polling stations and in none of those cases was there  
13 enough evidence for further action by the police.
  - 14 C. The Cabinet Office estimates that implementing the voter ID  
15 scheme will cost the taxpayer approximately £120 million  
16 over the next decade.
  - 17 D. Jacob Rees-Mogg, who was a Cabinet Minister when the  
18 voter ID law was introduced, has described it as an attempt  
19 to “gerrymander” elections in the Conservatives’ favour.

## Monday 25 September cont.

- 20 E. The Electoral Commission’s analysis of the May 2023 local  
21 elections – the first elections with the voter ID law in force –  
22 found that:
- 23 i) At least 0.25% of people who tried to vote  
24 (approximately 14,000 people) were denied a vote  
25 because they could not show an accepted form of ID; in a  
26 general election that would be the equivalent of around  
27 80,000 people.
- 28 ii) Around 4% of all non-voters said they didn’t vote  
29 because of the voter ID requirement.

30 Conference believes that the Conservatives’ voter ID scheme  
31 is expensive, unnecessary and undemocratic, robbing  
32 thousands of people of their right to vote in elections and hold  
33 those in power to account.

34 Conference further notes that:

35 1. The Liberal Democrats in both the House of Commons and  
36 the Lords consistently led opposition to the introduction of  
37 the voter ID law.

38 2. Helen Morgan MP has tabled the Elections (Voter  
39 Identification Requirements) Bill, which would scrap the  
40 voter ID scheme.

41 Conference calls on the Government to repeal the voter ID  
42 law by supporting Helen Morgan’s Bill and making  
43 government time available for it to pass both Houses of  
44 Parliament as soon as possible.

### 14.40 Policy motion

Chair: Cllr Nick da Costa (Chair, FCC). Aide: Eleanor Kelly. Hall Aide: Cllr Darryl Smalley.

#### **F31 Tackling the Housing Crisis (Homes and Planning Policy Paper)**

*Federal Policy Committee*

Mover: Helen Morgan MP (Spokesperson for Housing, Communities and Local Government).

Summation: Cllr Peter Thornton (Chair of the Policy Working Group).

- 1 Conference believes that:
  - 2 I. England's housing market is profoundly unfair, with a secure
  - 3 home become increasingly impossible for millions of
  - 4 people, especially the young, less well-off and ethnic
  - 5 minorities.

## Monday 25 September cont.

- 6 II. Successive governments have pursued policies to benefit  
7 homeowners, without considering the impact on those  
8 without property.
- 9 III. A secure home is a fundamental right that all people should  
10 have.
- 11 IV. A fair deal is needed for housing, which provides for the  
12 needs of everyone, not just homeowners and meets the  
13 aspirations of millions of younger people and the less well-  
14 off to have the security that older generations and the  
15 wealthy enjoy.
- 16 Conference condemns a string of Conservative failures on  
17 housing, which has created England's housing crisis, including:
- 18 A. The 2015 promise to build 200,000 starter homes by 2020,  
19 none of which were built.
- 20 B. The failure to build replacement council houses for those  
21 lost under Right to Buy.
- 22 C. Only 21 of the 59 recommendations of the Grenfell Inquiry  
23 have been incorporated into the law and the delayed  
24 decision over cladding, which has left millions of people in  
25 mental anguish and uncertain finances unnecessarily.
- 26 D. Conservative MPs voting against proposals to ensure that  
27 rental properties are 'fit for human habitation' in 2017.
- 28 E. 'Help to Buy', condemned by the IMF, Mervyn King, the  
29 Institute of Directors and the Office for Budget  
30 Responsibility as ineffective and costing £21bn by Q2 2021.
- 31 F. The proposed introduction of Right to Buy for housing  
32 association properties, which would further reduce the  
33 availability of social housing.

**Monday 25 September cont.**

- 34 G. The promised reform of leasehold rules, which have failed  
35 to materialise
- 36 H. The promised abolition of unfair evictions in 2019 which is  
37 yet to be delivered.
- 38 Conference calls for a Fair Deal for housing, one which meets  
39 the aspirations of young people to own a home, provides  
40 affordable and secure social housing for the less well off, gives  
41 those in the private rental sector the stability and security that  
42 they need to live fulfilling lives and helps the UK meet its  
43 climate change goals.
- 44 Conference believes that a national housing target for private  
45 sector homes will not deliver this Fair Deal, as:
- 46 i) The quantity, location, tenure and size of homes built by the  
47 private sector will be determined by market conditions and  
48 profitability to developers, not the needs of the population.
- 49 ii) There are significant regional and local variations in housing  
50 problems and prices, which a one size-fits-all approach  
51 would not resolve.
- 52 iii) There is no incentive built into targets for developers to use  
53 Modern Methods of Construction, but the building of  
54 380,000 homes per year using traditional methods would  
55 make it impossible for the UK to meet its net-zero  
56 obligations.
- 57 Conference therefore endorses policy paper 155, *Tackling the*  
58 *Housing Crisis*, and in particular its proposals to improve  
59 housing in England by:
- 60 1. Building 150,000 social homes a year, including council

## Monday 25 September cont.

- 61 houses, by the end of the next parliament.
- 62 2. Introducing a new approach to housing targets, with robust,  
63 independently-assessed local housing targets that are  
64 appropriate for the specific areas' needs, including  
65 expected population changes.
- 66 3. Introducing binding targets for affordable and social  
67 housing set by the local authority, who would be  
68 allowed to build their own social and affordable housing to  
69 meet their targets, using borrowing to do so.
- 70 4. Building ten new garden cities to tackle the housing crisis.
- 71 5. Introducing a package of measures to tackle the climate  
72 crisis including:
- 73 a) Higher minimum standards for new builds.  
74 b) Insulating all Britain's homes to the highest possible EPC  
75 standard in ten years.  
76 c) Creating locally designed and implemented  
77 Environmental Improvement Areas.
- 78 6. Ensuring that all development has appropriate  
79 infrastructure, services and amenities in place, including,  
80 through integrating infrastructure and public service  
81 delivering into the planning process.
- 82 7. Abolishing residential leaseholds and cap ground rents to a  
83 nominal fee, so that everyone has control over their  
84 property.
- 85 8. Ensuring a fair deal for renters by:

**Monday 25 September cont.**

- 86 a) Introducing a national register and minimum
- 87 standards for landlords.
- 88 b) Extending the default tenancy to 3 years.
- 89 c) Introducing rent smoothing for the first 3 years of a
- 90 tenancy.
- 91 d) Abolishing all eviction except where a tenant has
- 92 been proven to be breaking the terms of the rental
- 93 agreement.
  
- 94 9. Managing the impact of second homes and holiday lets by:
- 95 a) Giving local authorities new powers to control
- 96 second homes and holiday lets including new
- 97 planning classes.
- 98 b) Requiring second homeowners, holiday lets and
- 99 investment property to pay their fair share of tax.
  
- 100 10. Ensuring our construction sector is on a sustainable footing
- 101 by investing in skills, training and new technologies such as
- 102 Modern Methods of Construction.
  
- 103 11. Encouraging meaningful community engagement in the
- 104 planning process by:
- 105 a) Legally requiring developers and councils to seek the
- 106 views of underrepresented groups.
- 107 b) Expanding Neighbourhood Planning across England.
- 108 c) Encouraging councils to develop innovative methods
- 109 of democratic engagement in the Local Plan process.
  
- 110 12. Creating a fairer market in land by:
- 111 a) Reforming the Land Compensation Act so public
- 112 infrastructure and housing can be delivered at a fair

- 113 price.
- 114 b) Extending the Commercial Landowner Levy to land  
115 that has planning permission.
- 116 c) Ensuring full transparency in the market for  
117 developable land.

### **F33 Standing with Ukraine**

#### *Twickenham & Richmond*

Mover: Richard Foord MP (Spokesperson for Defence).

Summation: Sarah Olney MP (Spokesperson for Treasury, Business and Industrial Strategy).

- 1 Conference notes the rapidly changing situation in Ukraine,
- 2 including:
  - 3 I. The courage shown by Ukrainians in defending their
  - 4 country since Russia's illegal full-scale invasion in
  - 5 February 2022.
  - 6 II. Ukraine has – at the time of drafting – liberated more than
  - 7 half of the territory Russia seized since the beginning of
  - 8 the invasion.
  - 9 III. Russia's near-victory in Bakhmut and its intensive
  - 10 manufacturing of new assets, its deployment of Iranian
  - 11 drones – necessitating urgent additional support for
  - 12 Ukraine from allies.
  - 13 IV. President Biden's decision to permit the transfer of F16
  - 14 jets to Ukraine, with Ukrainian pilots due to be trained in
  - 15 the UK.

## Monday 25 September cont.

16 Conference further notes:

- 17 i) The potential threat that Putin's warmongering poses to  
18 Europe's future security unless Russia is resisted.
- 19 ii) Finland's full accession to NATO in April 2023, with  
20 Sweden also in the process of joining the organisation.
- 21 iii) Concerns about the potential for Russia to foment crises  
22 in Moldova, in the annexed territory of Transnistria, as well  
23 as potential difficulties arising for NATO in the Western  
24 Balkans.
- 25 iv) The role of the Wagner Group in Bakhmut and the UK  
26 Government's failure to proscribe the Group as a terrorist  
27 organisation.
- 28 v) The request by Ukraine for the formation of a Special  
29 Tribunal to prosecute Russia for the crime of aggression  
30 and the work of a Core Group of countries to advocate for  
31 a hybrid Tribunal.
- 32 vi) The UK Government's failure to take sufficient action to  
33 deal with Russian dirty money in the UK, including their  
34 refusal to publish the full golden visas review.
- 35 vii) The effect of Russia's invasion on the cost-of-living crisis  
36 in the UK.

37 Conference believes that:

- 38 A. The defence of freedom, human rights and the rule of law  
39 lie at the heart of liberal values.
- 40 B. This conflict will determine our security, freedom and  
41 democracy in Europe, and Europe's standing on the world  
42 stage.

## Monday 25 September cont.

- 43 Conference therefore reaffirms the Liberal Democrats’  
44 commitment to forcefully stand up to Putin, alongside Ukraine  
45 and Ukraine’s international partners, in defence of liberal values,  
46 and accordingly calls on the UK Government to:
- 47 1. Do all it realistically can, in view of Putin’s brazen actions,  
48 to help arm Ukraine, including with longer-range precision  
49 weapons, as well as provide regular materiel, humanitarian  
50 equipment, medical supplies and the training it needs to  
51 defeat Russia.
  - 52 2. Continue to strengthen the supply of British arms and  
53 ammunition to Ukraine, and work with our allies to boost  
54 the supplies coming from the EU and the USA – including  
55 to replenish the UK’s and allies’ stockpiles.
  - 56 3. Proscribe the Wagner Group as a terrorist organisation.
  - 57 4. Strive to establish formal cooperation mechanisms on  
58 foreign and security issues with the EU and NATO,  
59 including through the Kyiv Security Compact.
  - 60 5. Lead calls amongst Ukraine’s allies for the setting up of a  
61 Special Tribunal to prosecute alleged perpetrators of the  
62 crime of aggression.
  - 63 6. Take further action to stop the flow of dirty Russian  
64 money through the UK, including:
    - 65 a) Wider use of Magnitsky sanctions to target relatives  
66 who have had wealth transferred to them in an  
67 attempt to dodge sanctions.
    - 68 b) Strengthening economic crime legislation to remove  
69 loopholes exploited by oligarchs such as those in the  
70 Register of Beneficial Ownership.
    - 71 c) Significantly increase funding to economic crime  
72 fighting organisations like the National Crime Agency,

## Monday 25 September cont.

- 73 d) empowering them to seize Russian assets which can  
74 be used for the reconstruction of Ukraine.
- 75 e) Releasing the full golden visas report.
- 76 7. Restore the 0.7% of GNI target for international  
77 development spending, to ensure that humanitarian aid  
78 which the UK supplies to Ukraine is not at the cost of  
79 cutting aid spending in other countries.

### **F34 Standing order amendment: Speaker Card Selection**

*11 members*

Mover: David Barnsdale.

Summation: To be announced.

## Monday 25 September cont.

1 Conference believes that:

- 2 1. There can be no genuine and meaningful debate unless  
3 opposing viewpoints are heard, even if one side may appear  
4 to be in a small minority.
- 5 2. Genuine, balanced debate is desirable in that it can bring  
6 forward ideas and arguments that participants have not  
7 previously considered, may identify major flaws in a motion  
8 and should result in better decision-making.

9 Conference resolves to amend standing order 8.7 as follows:

10 *Delete:* 'The Chair shall be responsible for the choice of the  
11 speakers and shall attempt to provide a balanced debate  
12 between the different viewpoints in the conference, but  
13 may announce a departure from this rule if there is an  
14 overwhelming preponderance of members wishing to speak  
15 on the same side'.

16 *and insert:* 'The Chair shall be responsible for the choice of  
17 the speakers and shall attempt to provide a balanced debate  
18 between the different viewpoints in the conference  
19 reflected in the number of speaker cards submitted, but  
20 may, at their discretion, depart from strict proportionality in  
21 favour of the minority if it seems that to do so would ensure  
22 that conference is sufficiently informed about the issues

**Tuesday 26 September cont.****F37 A Child Maintenance Service That Works For Children**

10 members

Mover: Wendy Chamberlain MP (Spokesperson for Work and Pensions).

Summation: Lord Palmer (Lords Spokesperson for Work and Pensions).

- 1 Conference notes with concern that:
  - 2 I. Around half of children in separated families – 1.8 million  
3 children – continue to receive no support from their non-  
4 resident parent.
  - 5 II. The House of Commons Public Accounts Committee  
6 found that unpaid maintenance owed to parents on  
7 Collect & Pay, the service operated by the Child  
8 Maintenance Service (CMS) to distribute payments, is set  
9 to rise to £1 billion by March 2031.
  - 10 III. The National Audit Office review into the CMS in March  
11 2022 stated that the work of the CMS has “not, so far,  
12 increased the number of effective child maintenance  
13 arrangements across society”.
  - 14 IV. The DWP upholds more complaints for every 1,000  
15 customers on child maintenance than any other area.
  - 16 V. Withholding or artificially reducing child maintenance  
17 payments is being used as a form of economic abuse and  
18 that some survivors find it especially difficult to obtain  
19 the evidence necessary to get the Child Maintenance  
20 Service to increase the amount their abuser has to pay.

## Tuesday 26 September cont.

21 Conference believes that:

- 22 A. Every child has a legal right to be supported financially by  
23 both their parents and that child maintenance payments  
24 are vital for the well-being of children from separated  
25 families, particularly single parent families.
- 26 B. For survivors of domestic abuse, using the statutory child  
27 maintenance system is not a matter of choice, it is a  
28 matter of safety.
- 29 C. Service charges for the Collect & Pay service are unfair  
30 and penalise the parent receiving funds for the  
31 unwillingness of the other parent to pay.
- 32 D. The Government has little strategy to improve the Child  
33 Maintenance Service and seems incapable of retrieving  
34 payments from parents that refuse to pay.
- 35 E. The formula used to determine maintenance payments  
36 does not accurately reflect the true cost of raising a child.

37 Conference calls for:

- 38 1. A full review and reform of the Child Maintenance Service  
39 to ensure it works for all children and parents.
- 40 2. The removal of the 4% charge for receiving parents using  
41 the Collect and Pay service as well as the initial £20  
42 charge to be enrolled onto Collect and Pay.
- 43 3. A review of the formula used to determine maintenance  
44 payments to better reflect parents' circumstances, such  
45 as the age of their children and their differing needs.
- 46 4. Guidance on child maintenance payments to survivors of  
47 domestic abuse to be written into law, including direction  
48 on extracting payment from those using payments as a

- 1 Conferences notes with concern that:
  - 2 A. The UK has lost nearly half of its biodiversity since the
  - 3 Industrial Revolution and is ranked in the bottom 10% in the
  - 4 world and the worst among G7 nations for biodiversity.
  - 5 B. The Conservative Government has missed its 2020 target
  - 6 for 50% of Sites of Special Scientific Interest to be in
  - 7 favourable condition and for UK seas to meet Good
  - 8 Environmental Status.
  - 9 C. The Conservative Government is set to miss its target for
  - 10 75% of rivers and streams to be in good condition by 2027,
  - 11 with just 14% of surface waters in good ecological condition
  - 12 in England and 0% in good overall condition.
  - 13 D. There has been a global decline of 68% in animal population
  - 14 sizes since 1970.
  - 15 E. The climate emergency and the ecological emergencies are
  - 16 intrinsically linked, and that there has been insufficient action
  - 17 in the UK and globally to tackle the climate emergency.
- 18 Conference recognises that the ecological emergency is one
- 19 of the greatest threats to life on Earth, and to people's health,
- 20 wellbeing and prosperity, and without urgent and effective
- 21 action domestically and internationally nature and human life
- 22 will be put in serious jeopardy.

## Tuesday 26 September cont.

23 Conference also believes that the Liberal Democrats are the  
24 only party that understands the scale of the challenge, and has  
25 the right solutions to deliver a vibrant and thriving natural world  
26 with clean rivers, seas, lakes and air that will safeguard the  
27 wellbeing of present and future generations.

28 Conference therefore endorses policy paper 156, *Tackling the*  
29 *Nature Crisis*, in particular its proposals to:

- 30 1. Reverse the decline of nature by 2030 and double nature by  
31 2050 by:
- 32 a) Increasing the protected area network from 8% of the  
33 land to at least 16%.
  - 34 b) Doubling the area of the most important wildlife  
35 habitats across England.
  - 36 c) Doubling the abundance of species in the UK from  
37 the current baseline.
- 38 2. Introduce a ‘Right to Nature’, which would include:
- 39 a) A new Environmental Rights Act, which would  
40 recognise everyone’s human right to a healthy  
41 environment and guarantee access to environmental  
42 justice.
  - 43 b) Establishing a new Open Environment Standard.
  - 44 c) Introducing a Duty of Care for businesses to protect  
45 the environment.
- 46 3. Reduce the UK’s environmental impact globally by:
- 47 a) Mandating disclosure of impacts on nature in major  
48 financial and business sectors.

## Tuesday 26 September cont.

- 49 b) Upholding the highest environmental standards in our  
50 trade deals.
- 51 c) Aligning with the EU's rules at a minimum and  
52 rejoining the EU REACH programme and the  
53 European Chemical Agency.
- 54 4. Manage our land for nature by:
- 55 a) Providing a fair deal for farmers with a long-term  
56 funding guarantee, based on public money for public  
57 goods, to pay for a shift to a wildlife-friendly, high  
58 welfare, climate-positive and economically thriving  
59 farming sector.
- 60 b) Establishing a new Environmental Markets Authority,  
61 setting standards to ensure all markets work for  
62 nature and climate, and eliminating greenwash.
- 63 c) Introducing a strategic Land and Sea Use Framework  
64 to effectively balance competing demands on our  
65 land and oceans.
- 66 d) Introducing a new Sustainable Land Standard.
- 67 5. Manage our seas for nature by:
- 68 a) Reforming marine spatial planning to deliver a new,  
69 integrated approach, focused on sustainability.
- 70 b) Reforming the fishing quota allocation system to  
71 reward the most sustainable fleet, and ensure all  
72 catch limits are set at sustainable levels.
- 73 c) Putting in place effective management rules, to  
74 support the ecology of each protected area, including  
75 a ban on bottom trawling in marine protected areas.
- 76 d) Ensuring at least 30% of our seas will be fully or highly  
77 protected by 2030.

**Tuesday 26 September cont.**

78 6. Manage our lakes, rivers and streams for nature by:

- 79 a) Taking urgent measures, including mandating major
- 80 infrastructure upgrades in the sewage system and
- 81 implementing natural catchment solutions, to end
- 82 sewage pollution, prevent harmful run-off from
- 83 agriculture, and ensure developments do not add to
- 84 the pollution burden on our precious freshwaters.
- 85 b) Introducing nutrient budgeting in English
- 86 catchments, requiring projects in vulnerable areas to
- 87 demonstrate ‘nutrient negativity’ before they
- 88 proceed.
- 89 c) Setting new ‘blue flag’ standard and introducing a
- 90 ‘blue corridor’ programme for rivers, streams and
- 91 lakes to ensure clean, healthy water.
- 92 d) Abolishing Ofwat and replacing it with a regulator
- 93 with real and meaningful powers.

94 7. Make the economy and government work for nature by:

- 95 a) Delivering an Environment and Wellbeing Budget,
- 96 introducing a new fiscal rule to ensure that tax and
- 97 spending plans are sustainable and implementing a
- 98 green finance plan.
- 99 b) Undertaking regular systematic reviews to ensure
- 100 that green taxes and spending make up an increasing
- 101 proportion of the overall fiscal picture.
- 102 c) Increasing the tax reliefs offered for greener choices
- 103 and phase out subsidies for polluting industries.
- 104 d) Ensuring that the twin purposes of nature’s recovery
- 105 and climate stability are written into the guiding
- 106 statutory purposes of all relevant public bodies.

107 8. Reduce the UK’s resource consumption by:

## Tuesday 26 September cont.

- 108 a) Embedding circular economy principles to reduce  
109 use of raw materials and minimise pollution at home  
110 and abroad.
- 111 b) Ensuring the right incentives are in place to cut back  
112 on waste and overconsumption, including  
113 comprehensive deposit return schemes and  
114 Extended Producer Responsibility.
- 115 c) Introducing standards for repairability,  
116 interoperability, sustainable construction and  
117 reusability.
- 118 9. Make planning work for nature by:
- 119 a) Reforming the planning system to make  
120 environmental improvement and quality of life explicit  
121 purposes of planning.
- 122 b) Improving biodiversity net gain requirements by  
123 increasing the length of time that net gain habitat  
124 must be maintained from 30 years to 120 years and  
125 increasing the net gain requirement for major  
126 developments from 10% in smaller sites up to 100%  
127 in larger greenfield sites.
- 128 c) Empowering Local Nature Recovery Strategies to  
129 identify a new Wild Belt for nature's recovery.
- 130 d) Completing our Nature Recovery Network by  
131 strengthening and completing the network of  
132 England's environmental protected areas and  
133 improving the management and funding of AONBs  
134 and National Parks for nature.
- 135 10. Tackle the climate emergency by:
- 136 a) Mapping out the areas that are most important for  
137 nature and climate and extend planning protection

## Tuesday 26 September cont.

- 138 and investment to those areas.
- 139 b) Setting new standards, including a Blue Carbon  
140 Standard and a Soils Carbon Standard.
- 141 c) Protecting the UK’s most important carbon store with  
142 a complete ban on horticultural peat use, burning  
143 heather on peatlands, and restoring the peatlands  
144 that have been damaged.
- 145 d) Doubling woodland cover by 2050.

*Applicability: England only; except 2. (lines 38–45), which is England and Wales; and 3. (lines 46–53) and 7. and 8. (lines 94–117), which are Federal.*

*Mover and summation: 16 minutes combined; movers and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see [pages 110–111](#).*

*The deadline for amendments to this motion is 13.00 Monday 11 September; see [page 114](#). Those selected for debate will be printed in Conference Extra and Tuesday's Conference Daily. The deadline for requests for separate votes is 09.00 on Monday 25 September; see [page 109](#).*

*In addition to speeches from the platform, voting members will be able to make concise (maximum one minute) interventions from the floor during the debate on the motion. See pages 109 and 111 for further information.*

### Debates and votes at conference

Debates on policy and business motions are at the heart of federal conference. It is through them that the party sets its policy and future direction. Unlike in other parties, Liberal Democrat members are sovereign, and what they decide really matters.

The structure of debate on policy and business motions:

Proposer of the motion speaks

Proposers of any amendments speak in turn

Speakers called on all sides of the debate  
with the chair seeking to ensure balance

Summators of amendments speak in turn

The summator of the motion speaks

The chair takes votes for and against the amendments  
and separate votes (if any) in turn

A vote will be taken on the motion as a whole

## Agenda Information cont.

Interventions: concise (one minute) speeches made from the intervention microphone(s) on the floor of the auditorium, during debates where it is indicated in the *Agenda*.

Amendments: all motions except emergency motions are open to amendment; amendments accepted will be published in *Conference Daily*.

Voting: decisions on most motions and all amendments and separate votes are by simple majority of those voting (2/3 majority for constitutional amendments). To vote, voting members must show their voting badge whilst seated on the ground floor of the auditorium.

Separate votes: a vote to delete or retain the specified words or section. A request for a separate vote may be submitted by any party member by the start of the first conference session on the day before the debate is scheduled, or by the deadline for emergency motions for debates scheduled for the first day of conference.

A request for a separate vote should be submitted using the online form at:

[www.libdems.org.uk/conference\\_papers](http://www.libdems.org.uk/conference_papers)

or in writing to the Speakers' Table in the auditorium.

Counted vote: the chair of the session may decide that a vote needs to be counted. Any voting member may request a count from the floor; if fifty voting members stand and show their voting cards, a count will be taken.

## Agenda Information cont.

Communications with the chair and aide: the chair and aide team can be contacted at conference – solely for formal communication on procedural motions and points of order, via the Speakers Desk or via the link:

## Speaking and voting at conference

### Eligibility to speak and vote

All party members attending in person are entitled to speak and vote in conference debates, providing they are attending conference as a party member (and not for example an exhibitor or observer). People registered for the online-only option are entitled to vote at conference. Party members fulfilling these criteria are known as ‘voting members’.

### Length of speeches

The length of speeches is shown against each motion in the *Agenda*.

There are three lights on the speaker’s rostrum and visible either side of the stage. The green light comes on at the beginning of the speech. The amber light comes on 60 seconds before the end of the allowed time (20 seconds before the end of an intervention). The red light comes on when all the time is used up, and the speaker must stop immediately.

### Applying to speak

To make a speech in a debate you must:

## Agenda Information cont.

- ▶ complete a speaker's card, collected from and returned to the Speakers' Table at the front of the auditorium, an auditorium steward or the Information Desk; or
- ▶ submit an electronic speaker's card, from 18 September up to one hour before the start of the debate, online at:

[www.libdems.org.uk/speakers-card](http://www.libdems.org.uk/speakers-card)

### Completing a speaker's card

When completing a speaker's card, remember:

#### **1 Submit your card well in advance.**

The chair and aide team for the debate will meet well in advance to plan the debate – sometimes the previous day.

#### **2 Fill in your card completely.**

Complete the back of the card as well as the front. These sections are needed for the chair and aide to balance the debate, so they can call people with relevant experience and avoid a string of people making the same point.

#### **3 Make sure it's readable!**

Don't fill every square centimetre of the card and write legibly – the easier you make it for the chair and aide to read the card the more likely you will be called.

### Interventions

To speak during interventions, voting members should complete an intervention form, collected from and returned to a steward in the auditorium. Speakers will be chosen by the chair of the session by random.

## Agenda Information cont.

### Other conference sessions

#### Emergency motions

Emergency motions are debated and voted on and make formal party policy like other motions, but refer to a substantial development since the deadline for submission of motions.

There is a slot for an emergency motion at F36 on Tuesday 26 September.

The motions for selection by ballot will be printed in Saturday's *Conference Daily*. The emergency motions ballot will be held electronically. Members of conference will receive a ballot by email at 17.00 on Friday 22 September and should complete it online by 17.00 on Saturday 23 September.

#### Topical issue discussions

The FCC may decide to use part of this slot for topical issue discussions. This will allow members and spokespeople to discuss and comment on a political issue live at the time of conference; they do not make party policy.

Party members may submit suggested topics for a discussion, which will be considered by officers of the FCC and FPC. If a topical issue discussion is selected, it will be published in the relevant *Conference Daily*.

## Agenda Information cont.

### Question & answer sessions

Any voting member may submit a concise question (maximum 25 words) on any subject for the Leader's Q&A (F22). Questions will be selected by the chair and the questioner will be able to ask their question via the interventions microphone.

Questions may be submitted by 17.00 on the day before the session using the online form at:

[www.libdems.org.uk/conference\\_submissions](http://www.libdems.org.uk/conference_submissions)

Questions may also be submitted on a form collected from and returned to the Speakers' Table in the auditorium by 12.50 Sunday 24 September.

### Reports

The reports of Federal Committees and Parliamentary Parties are printed in the separate reports document. Any voting member may submit concise questions on these reports. Questions may be submitted by 13.00 on 11 September using the online form at:

[www.libdems.org.uk/conference\\_submissions](http://www.libdems.org.uk/conference_submissions)

Questions received by the deadline above will be published in *Conference Extra* and are guaranteed a reply, in the session or in writing thereafter. Questions may also be submitted using the same online form until one hour before the start of the relevant session, but will only be called if time allows and at the discretion of the chair of the session.

# Submitting amendments, emergency motions, topical issues and appeals

### Amendments and emergency motions

Amendments and emergency motions must be:

- ▶ signed by 10 party members; *OR*
- ▶ submitted by one or more of: a local party, state party, regional party in England, Federal Specified Associated Organisation or Federal Party Committee.

And must be submitted by 13.00 on 11 September online at:

[www.libdems.org.uk/conference\\_submissions](http://www.libdems.org.uk/conference_submissions)

To take account of the rapidly changing situation in Ukraine, the deadline for amendments to F33, *Standing with Ukraine*, is 13.00 on Thursday 21 September.

Submitters should include:

- ▶ For amendments – a short explanation of the intended effect of the amendment.
- ▶ For emergency motions – a short explanation of its emergency nature.

### Topical issues

Suggestions for topical issues may be submitted by any party member by 13.00 on 11 September online at:

## Agenda Information cont.

[www.libdems.org.uk/conference\\_submissions](http://www.libdems.org.uk/conference_submissions)

The title of the issue should be no more than ten words, and should not include an expression of opinion; please include full contact details of the submitter and up to 100 words explanatory background.

### Drafting advice

Submitters are encouraged to use our drafting advice service: draft amendments and emergency motions should be submitted by 13.00 on 29 August online at:

[www.libdems.org.uk/conference\\_submissions](http://www.libdems.org.uk/conference_submissions)

### Appeals

If you wish to appeal the FCC's decision not to select your emergency motion or amendment, follow these instructions.

The appeal should come from the email address of the original contact for the motion, be no longer than one side of A4, and provide reasons why, in the opinion of the proposers, the expressed reasons for rejection are not valid, and any new information the FCC was unaware of when it made its decision. The original text of the motion and the letter of rejection should be appended. The email should also contain a contact name and telephone number.

Appeals should be emailed by 13.00 on 21 September to:

[appeals@libdems.org.uk](mailto:appeals@libdems.org.uk)

A member attending conference who has satisfied the requirements for attendance and has paid the registration fee presently in force for party members as agreed by FCC, and who is not a day visitor [or observer].

## Standing Orders for a conference held remotely

- A. In the event that the Federal Board determines it is impossible to hold a conference under the normal rules, and instead summons a special meeting of the conference to be held remotely, or the Committee otherwise directs that a conference shall be conducted remotely, these Standing Orders shall apply.
  - ii) Any communications with the chair must be made via an online channel designated by the Committee for that purpose and advertised to voting members prior to the commencement of a debate.
  - iii) In original Standing Order 6.2, the reference to the Chief Steward shall also include lead moderators designated by the Chief Steward.
  - iv) Original Standing Order 8.7 shall apply save that the Committee may
- B. A remote conference shall be conducted in accordance with the Standing Orders that apply to a conference not conducted remotely (‘the original Standing Orders’), save that:
  - i) All references in the original Standing Orders to votes, whether by ballot, show of hands or show of voting cards, shall instead be conducted via an online poll or alternative secure method of online voting, designated by the Committee; similarly all references to speakers cards shall be taken to mean electronic speakers’ cards.

## Standing orders

- set a deadline in respect of any given full session for the receipt of electronic speakers' cards; the chair shall have discretion to accept electronic speakers' cards after the deadline.
- v) Original Standing Orders 9.1, 9.2, 11.5 and Procedural motion 3 (Request for a Count) in the Glossary of Terms, shall not apply; instead, voting members shall, when appropriate, be directed by the chair to vote using the online voting tool made available to them. Standing Order 2.3 shall not apply.
  - vi) In original Standing Order 10.1, any voting member may signal to the chair via the designated online channel that they are moving a point of order, in lieu of rising in their place.
  - vii) As, by necessity, all votes shall be counted votes, Standing Order 11.5 shall not apply; instead the chair shall ensure the result of the counted vote is publicised to members, via the appropriate online channel.

## Standing Orders for the Federal Conference

### 1. The Conference Agenda

#### 1.1 What is on the agenda

The agenda for each meeting of conference, other than a special conference, shall include time for:

- a) One or more consultative sessions; save that the Committee may decide not to hold any consultative sessions at a spring conference;
- b) A business session or sessions for the consideration of reports from the Parliamentary Parties as listed in Article 6.5 of the Federal Party's Constitution, the Federal Board, the Federal Policy Committee, Federal Communications and Elections Committee, Federal International Relations Committee, Federal Council, and the Federal Conference Committee together with, when appropriate, reports from any other body the Committee considers appropriate, accounts, the annual report, a motion accompanying the proposed strategy of the party, business motions, constitutional amendments and standing order amendments;
- c) Policy motions (including motions

- accompanying policy papers);
- d) Emergency motions;
- e) Topical issue discussions;
- f) Any other business which the Committee thinks appropriate.

The time to be allocated to each type of business and the order of that business shall be decided by the Committee provided that conference may decide not to take any particular item on the agenda.

#### 1.2 Conference or council of state parties

In addition, time before or after any meeting may be agreed with the relevant state party for a meeting of the conference or council of that party.

#### 1.3 Right to submit agenda items

- a) Reports to conference may be submitted only by the bodies listed in paragraph 1.1(b).
- b) Business motions (including amendments and emergency business motions and amendments), constitutional amendments and secondary constitutional amendments, standing order amendments and

## Standing orders

secondary standing order amendments may be submitted by the Federal Board, Federal Policy Committee, Federal Council, state parties, regional parties in England, local parties, Affiliated Organisations and 10 party members. Business motions, standing order amendments and secondary standing order amendments may also be submitted by the Federal Conference Committee.

- c) Motions accompanying policy papers may only be submitted by the Federal Policy Committee.
- d) Policy motions (including amendments, emergency policy motions and amendments) may be submitted by the Federal Policy Committee, state parties, regional parties in England, local parties, Affiliated Organisations and 10 party members.
- e) The Parliamentary Party in the House of Commons may submit a motion relating to supporting a government containing members of the other parties, in accordance with Article 24 of the constitution.
- f) Proposals for topical issue discussions may be submitted by any party member.

### 1.4 How motions and amendments are submitted

All motions and amendments must be submitted to the Committee. They must identify a person authorised to agree to their being composed or redrafted. The detail of methods of submission will be notified for each conference via the party website.

### 1.5 The deadlines by which motions, amendments, reports and questions to reports must be submitted

The Committee shall specify:

- a) The closing date for the receipt of policy motions (including motions accompanying policy papers), business

motions, constitutional amendments and amendments to standing orders, which shall be at least eight weeks before the start of conference.

- b) The closing date for the receipt of amendments to motions published in the Agenda and emergency motions, which shall be at least two days before the start of conference.
- c) The closing date for the submission of written reports from the bodies listed in paragraph 1.1(b), which will be set so as to enable their distribution with the Agenda. Any supplementary report submitted later than this deadline may only be tabled at conference with the permission of the Committee.
- d) The closing date for the submission of questions to any of the reports listed in the Agenda, which shall be the same as the deadline for emergency motions. Questions submitted by this deadline are guaranteed to be asked.
- e) Notwithstanding 1.5 (d), questions may always be submitted to any of the reports listed in the Agenda, by the end of the preceding morning (for report sessions taking place in the afternoon) or afternoon (for report sessions taking place in the morning). Any questions submitted by this deadline will only be taken at the discretion of the chair.
- f) The closing date for proposals for topical issue discussions, which shall be at least two days before the start of conference.

### 1.6 Notification of deadlines

All dates specified under Standing Order 1.5 shall be publicised to party members and bodies entitled to submit motions. Publication in the party newspaper/ magazine and website may be treated as notice for this purpose.

### 1.7 Later deadlines in special circumstances

In special circumstances the Committee

## Standing orders

may specify later dates than those indicated above. In particular, where developments which, in the opinion of the Committee, are of great importance have taken place after the closing date for emergency motions and questions to reports, the Committee may make time available for an additional emergency motion or for a statement to be made on behalf of the Party or for additional questions to be submitted to reports.

### 2. Consultative Sessions

#### 2.1 The subjects for consultative sessions

The subjects for debate at consultative sessions shall be chosen by the Committee on the advice of the Federal Policy Committee and, where appropriate, the Federal Board, and published in the Agenda. Two or more such sessions may be held simultaneously.

#### 2.2 Speaking at consultative sessions

Any member of the Party may be called to speak at a consultative session and, with the approval of the chair, non-members with relevant expertise may also be called.

#### 2.3 Voting at consultative sessions

At the discretion of the chair a vote by show of hands may be taken to indicate the weight of opinion among members present on any issue that has been debated.

### 3. The Agenda

#### 3.1 The shortlisting of motions

The Committee shall draw up the Agenda and shall decide which of the motions duly submitted shall be included in it. The Committee may allocate time for one or more policy or business motions to be selected by ballot. Copies of motions not

selected shall be available for inspection and will be supplied to any party member on payment of a copying charge and postage.

#### 3.2 Motions for the amendment of the constitution or standing orders

Save as detailed below in Standing Order 4.3, all proposed amendments to the constitution or standing orders must be selected for debate.

#### 3.3 Balance between State and Federal policy debates

The Committee shall, in drawing up the Agenda, have due regard to the balance of State and Federal policy debates and in particular shall as far as possible organise the agenda so that all matters which relate solely to one or more state parties but not all State Parties or the Federal Party shall be considered at either the beginning or the end of the conference.

### 4. Selection of Motions and Amendments

#### 4.1 Compositing or otherwise altering motions

In drawing up the Agenda the Committee shall seek to reflect the range of views in the Party as indicated by the motions and amendments submitted. The Committee may:

- a) Treat any severable part of a motion or amendment as a separate motion or amendment.
- b) Redraft a motion or amendment so as to improve expression, remove inaccuracy or superfluity or take account of new developments.
- c) Composite similar motions or amendments.

#### 4.2 Selection of amendments

The Committee shall decide which of the

## Standing orders

amendments duly submitted to each motion shall be selected. No amendment shall be selected if, in the opinion of the Committee it is insubstantial, outside the scope of the motion, or tantamount to a direct negative of the motion.

### 4.3 Motions for the amendment of the constitution or standing orders

The Committee may refuse to select a motion for amendment of the constitution or standing orders if, in their opinion, it is:

- a) Similar in effect to another motion which has been selected for debate or ballot at the same meeting of conference.
- b) Similar in effect to a motion that has been rejected at either of the last two meetings of conference.
- c) In the case of amendments to the constitution, incomplete in that it leaves unamended some other part of the constitution which contradicts the meaning of the amendment.
- d) In the case of amendments to standing orders, incomplete in that it leaves unamended some other part of standing orders which contradicts the meaning of the amendment.
- e) Ambiguous.

### 4.4 Emergency motions

The Committee may reject an emergency motion if:

- a) It is similar in effect to another motion that has been selected for debate or ballot.
- b) It is similar in effect to a subject chosen for a topical issue discussion.
- c) It is unclear as to its meaning or intent or is, in the opinion of the Committee, too poorly drafted to provide a sensible basis for debate.
- d) It falls outside the definition of emergency motions.

No amendment shall be taken to any motion selected under this Standing Order.

### 4.5 Ballots for emergency motions

All emergency motions, except those rejected under Standing Order 4.4, must be placed either on the agenda for debate or in a ballot for selection by Conference. The Committee may hold separate ballots to select which of a range of emergency policy motions and which of a range of emergency business motions to debate. If one or more ballots is held the Committee shall circulate the text of all balloted motions to the voting members as soon as practicable and shall specify a closing time for the ballot. Following the counting of any ballots the Committee shall decide how many motions shall be debated in the time available.

### 4.6 Emergency amendments

The Committee shall have complete discretion whether to select emergency amendments for debate.

### 4.7 Topical issue discussions

The choice of subjects for topical issue discussions shall be made by the Officers of the Committee in consultation with the Officers of the Federal Policy Committee. In choosing the subjects, the Officers shall have regard to the significance and topicality of the subjects proposed and whether they are likely to provoke a lively discussion.

## 5. Special Meetings

### 5.1 Timetabling of special meetings

The Committee shall, as soon as practicable after the requisitioning of a special meeting of the conference, fix a date for the meeting, draw up the Agenda and, if appropriate, specify a date for the submission of amendments. The meeting shall deal only with the business stated in the notice of requisition save that the Committee may allow time for emergency

## Standing orders

motions and for business which is formal or, in its opinion, uncontentious.

### 5.2 Preferred timescales for special meetings

In setting dates for the submission of motions and amendments and giving notice thereof and of the conference itself the Committee shall endeavour to follow the timescales laid down elsewhere in these standing orders but, where this is not practicable, the Committee shall set such dates as it sees fit.

## 6. Appeals

### 6.1 Appeals against rejection of motions

The Committee shall provide written reasoning to the nominee of the proposers for the rejection of any motion or amendment. The proposers may appeal, in writing, to the next meeting of the Committee. Any such appeal shall provide reasons why, in the opinion of the proposers, the expressed reasons for rejection are not valid. If the appeal is allowed, the motion or amendment shall be treated as an emergency motion or amendment according to the stage of the agenda-setting process at which the appeal has been allowed.

### 6.2 Appeals against exclusion from conference

Any person excluded from conference by a decision of the Chief Steward shall have the right of appeal to the Committee at the next of its regular meetings. The exclusion shall remain in force pending the appeal.

## 7. The Chair

### 7.1 Who chairs conference

The President, if present, shall normally take the chair at the formal opening and closing of conference and when the Party

Leader is making a formal speech from the platform. At all other sessions the chair shall be appointed by the Committee. Normally no person shall chair more than one session at any meeting.

### 7.2 The chair's aide

The Committee may appoint an aide or aides to assist the chair of each session.

## 8. Conduct of Debate

### 8.1 Variation in the order of business

The Committee may propose to the conference a variation in the order of business as set out in the Agenda. Such variation shall be put to the vote and shall take effect if approved by a majority of those voting.

### 8.2 Withdrawal of motions and amendments

Once the Committee has included a motion or amendment, or part of a motion or amendment, in the Agenda, may not be withdrawn except by leave of conference.

### 8.3 The order of debate

The Committee shall direct the order of debate. Generally, however, a motion will be moved and immediately thereafter the amendments and options will be moved in the order directed by the Committee. There will then be a general debate. The movers of amendments and options (or their nominees) shall have the right of reply in the same order (except that where an amendment or option has not been opposed during the debate, the chair of the session shall have the right to direct that its movers shall not exercise their right of reply), after which the mover of the motion (or the mover's nominee) shall have the right of reply. Votes shall then be taken on the amendments and options in the order in which they have been moved and, finally,

## Standing orders

on the substantive motion. The Committee may direct that part of any motion or amendment or groups or amendments may be the subject of a separate debate.

### 8.4 Topical issue discussions

The Committee shall direct the order of the discussion. Normally the proposer of the subject shall speak first, and a representative of the Federal Policy Committee shall speak last.

### 8.5 Who may speak

All voting members may speak at a full session of conference. Additionally, the Committee may invite any person to address the conference as a guest. Neither such provision shall prejudice the right of the chair of a session to select speakers.

### 8.6 The special rights of the Federal Committees

Provided that the Federal Policy Committee is not proposing the motion or any of the amendments to be taken in a debate on a policy motion or on motions relating to the policy-making processes of the Party it shall have the right to nominate a person to report its views on the subject before the conference. The Federal Board shall have similar rights on business motions or motions to amend the constitution, as shall the Federal Conference Committee on motions relating to the proceeding and procedures of the conference and to amend standing orders. Such a person shall be called to speak for the same length of time as the person replying on behalf of the mover of the motion.

### 8.7 The selection of speakers

Voting members wishing to speak in any debate shall submit a speaker's card, prior to the commencement of the debate in which they wish to speak, stating whether they wish to speak for or against an

amendment, the motion or part of the motion. The chair shall be responsible for the choice of the speakers and shall attempt to provide a balanced debate between the different viewpoints in the conference, but may announce a departure from this rule if there is an overwhelming preponderance of members wishing to speak on the same side. The chair shall have the discretion to accept speakers' cards after the start of the debate. Save as provided for in these standing orders, no person may speak more than once in any debate.

### 8.8 The length of speeches

The Committee shall set out in the Agenda time limits for speeches.

## 9. Voting at Conference

### 9.1 The method of voting

Voting cards shall be issued at each meeting to voting members. (The Committee may direct that voting on any issue be by ballot.) Subject thereto all votes at full sessions shall be taken by show of voting cards.

### 9.2 Counting of votes

A vote by show of voting cards shall be counted:

- a) If the Committee has so directed.
- b) If the chair so directs.
- c) As the result of a procedural motion under Standing Order 11.5 below.

A recount will only be held if the chair is not satisfied that the first count was accurate.

### 9.3 Separate votes

A separate vote may be taken on a part of a motion or amendment:

- a) On the direction of the Committee.
- b) At the discretion of the chair.
- c) As a result of a procedural motion under Standing Order 11.4 below.

## Standing orders

### 10. Points of Order

#### 10.1 Making a point of order

Any voting member may rise on a point of order which shall be taken immediately except that, during a vote, no point of order shall be taken that does not refer to the conduct of the vote. The chair's decision on all points of order shall be final.

### 11. Procedural Motions

#### 11.1 Next business

- a) A voting member may, during any full conference session, submit, in writing, a request that conference move to next business, giving the reasons to do so. The submission shall not exceed 75 words.
- b) The chair may either take the request immediately upon receipt, or at the end of any speech currently being made. If more than one request is received the chair shall decide which to take. No more than one request may be taken in respect to any motion or report.
- c) When the request is to be taken, the chair shall read the statement of reasons and ask conference whether it wishes to consider the request to move to next business. If conference decides, by a simple majority of those voting, to do so, the person who made the request may speak. The chair may allow other speakers. All speeches under this standing order shall be limited to two minutes. If conference decides not to debate the proposal, it falls.
- d) The proposal shall require a two-thirds majority of those voting to be passed. If it is carried the current agenda item shall be abandoned without any further debate or vote and, at the discretion of the chair, either the next agenda item shall be taken or there shall be an adjournment until the time at

which the next agenda item was due to be taken.

#### 11.2 Reference back (moved by a voting member)

- a) A voting member, who has not already spoken in the debate, may, at any time before the chair has asked the first speaker in reply to stand by, submit, in writing, a request to refer back the motion under debate. The submission shall state to whom the motion is to be referred and shall include a statement of the reasons, including reasons why voting against the motion would not achieve a similar result, not exceeding 75 words.
- b) The chair may take the request to refer back at whatever stage of the debate they consider appropriate. If more than one request is received, the chair shall decide which to take. No more than one request may be taken with respect to any motion.
- c) When the request is to be taken, the chair shall read the statement of reasons and ask conference whether it wishes to consider the request to refer. If conference decides, by a simple majority of those voting, to do so, the person who made the request may speak and the mover of the substantive motion, or their nominee, may reply. The chair may allow other speakers. All speeches under this standing order shall be limited to two minutes. If conference decides not to debate the reference back, it falls.
- d) The reference back shall require a simple majority of those voting to be passed. If it is carried the current agenda item shall be abandoned without any further debate or vote and, at the discretion of the chair, either the next agenda item shall be taken or there shall be an adjournment until the time at which the next agenda item was due to

## Standing orders

be taken.

- e) If the substantive motion is referred to the Federal Board, the Federal Policy Committee or the Federal Conference Committee that body shall, in its report to the next meeting of the conference, state what action it has taken on the reference.

### 11.3 Reference back (moved by the Federal Policy Committee)

- a) The Federal Policy Committee may, at any time before the beginning of the debate on a motion, submit, in writing, a request to refer that motion to the next meeting of the conference. The chair shall announce the existence of such a request at the start of the debate.
- b) The chair may take the request to refer back at whatever stage of the debate they consider appropriate. A nominee of the Federal Policy Committee will speak and the mover of the substantive motion, or their nominee, may reply. The chair shall have discretion whether to allow other speakers on the request.
- c) The reference back shall require a simple majority of those voting to be passed. If it is carried the current agenda item shall be abandoned without any further debate or vote and, at the discretion of the chair, either the next agenda item shall be taken or there shall be an adjournment until the time at which the next agenda item was due to be taken.
- d) If passed, the Federal Policy Committee shall, before the next meeting of the conference, circulate its reasons for acting under this section and its comments on the motion and any amendments thereto accepted for debate.

### 11.4 Separate vote

A voting member of conference may request that the chair take a separate

vote on a part of a motion or amendment provided that such a request is in writing and received by the commencement of the first conference session on the day before the debate is scheduled. If the debate is scheduled for the first day of conference, the request must be received in writing by the same deadline as that for emergency motions. The Committee shall have complete discretion whether to take a separate vote. In exceptional circumstances, the Chair of the debate shall have discretion to accept a request for a separate vote if it is received in writing after this deadline.

### 11.5 Counted vote

Any voting member may ask for a counted vote, which shall be taken if the request is supported by 50 members rising in their places and showing their voting cards.

### 11.6 Suspension of standing orders

- a) A voting conference member may, during any full conference session, move a motion for the suspension of standing orders. The mover shall submit the motion together with a written statement of its purpose, not exceeding 75 words, to the chair, who shall read them to the meeting. The chair may either take the request immediately upon receipt, or at the end of the speech currently being made.
- b) No motion to suspend standing orders may suspend any requirement of the constitution, nor any part of these standing orders which govern:
  - i) The rights of, or timetable for, submission of motions and amendments.
  - ii) Consultative sessions.
  - iii) Procedural motions for next business or suspension of standing orders.
- c) No motion to suspend standing orders to introduce a motion or amendment

## Standing orders

on to the agenda can be taken unless the motion or amendment has been submitted to the Committee in accordance with the published timetable and, where a right of appeal against non-selection exists, the right has been exercised.

- d) The chair shall read the statement of purpose and, if the suspension is allowable in the terms of this standing order, ask the conference whether it wishes to debate the request for suspension. If the conference decides not to debate the request, it falls. If the conference decides, by a majority of those present and voting, to hear the request the mover may speak and a representative of the Committee may reply. The chair shall have the discretion to allow other speakers. All speeches on the motion to suspend standing orders will be limited to two minutes.
- e) A motion to suspend standing orders shall only be carried if supported by at least two-thirds of the conference members voting. If the procedural motion is carried all standing orders shall remain in force except only for the purposes set out in the motion.

### 11.7 No procedural motions during votes

No procedural motion can be moved during a vote.

## 12. Reports

### 12.1 Which reports are tabled

The business session or sessions of the conference must include consideration of reports from the bodies listed in Standing Order 1.1(b).

### 12.2 Submission and selection of questions

A voting member may submit questions

to any report tabled for consideration, by the deadlines set under Standing Orders 1.5 (d) and (e). The Committee shall publish in advance of the report session all the questions submitted under Standing Order 1.5 (d) which are in order, compositing similar questions where appropriate. Questions to the Federal Board report may include questions about the work of the Federal Audit and Scrutiny Committee and the work of the Federal People Development Committee

### 12.3 Whether questions are in order or not

A question shall be ruled out of order if it asks the body submitting the report about issues which are outside its duties and responsibilities. If the question could be answered by another body reporting to the same conference, the Committee may transfer the question to that body.

### 12.4 How questions and supplementary questions are put and answered

After the report is moved, the mover, or their nominee, shall answer the questions in turn. After each question has been answered, the voting member who submitted the question will be given the opportunity to put a supplementary question, speaking for a maximum of two minutes, and the mover, or their nominee, will be given an opportunity to respond. The chair shall determine the time given to the mover in moving the report and replying to questions. The chair shall also determine how many of the published questions, and how many of the questions submitted under Standing Order 1.5 (e), can be taken. After the conference the Committee shall publish the answers to all questions submitted under Standing Orders 1.5 (d) and (e) which are in order, and to all supplementary questions asked.

## Standing orders

### 12.5 Approval or rejection of reports from Federal Party committees or sub-committees

Any report tabled by a Federal Party committee or sub-committee must be submitted for approval by the conference and must be voted upon accordingly. A voting member may move the rejection of any part of the report or of the report as a whole. A voting member wishing to move a rejection shall submit a speaker's card prior to the commencement of the consideration of the report, stating the section(s) which they wish to have rejected. All moves to reject a report must be debated (except that the chair shall have discretion to choose between moves to reject the same part of the report), at the conclusion of the question session. The person who made the request shall speak and the mover of the report, or their nominee, shall reply. The chair may allow other speakers, and shall determine the time given to all speakers.

### 12.6 Receipt of reports from other bodies

Any report tabled by a body other than a Federal Party committee or sub-committee must be submitted for receipt by the conference and must be voted upon accordingly. A voting member may move not to receive the report, by submitting a speaker's card prior to the commencement of the consideration of the report. A move not to receive a report must be debated (except that the chair shall have discretion to choose between more than one move not to receive the same report), at the conclusion of the question session. The person who made the request shall speak and the mover of the report, or their nominee, shall reply. The chair may allow other speakers, and shall determine the time given to all speakers.

### 13. Amendment of Standing Orders

#### 13.1 Amendment of standing orders

These standing orders may be amended by a two-thirds majority of members of conference voting on a motion duly submitted and selected in accordance with standing orders. Subject to any amendment they shall remain in force from meeting to meeting.

### 14. The Chair and Vice Chairs of the Committee

#### 14.1 Chair and Vice Chairs

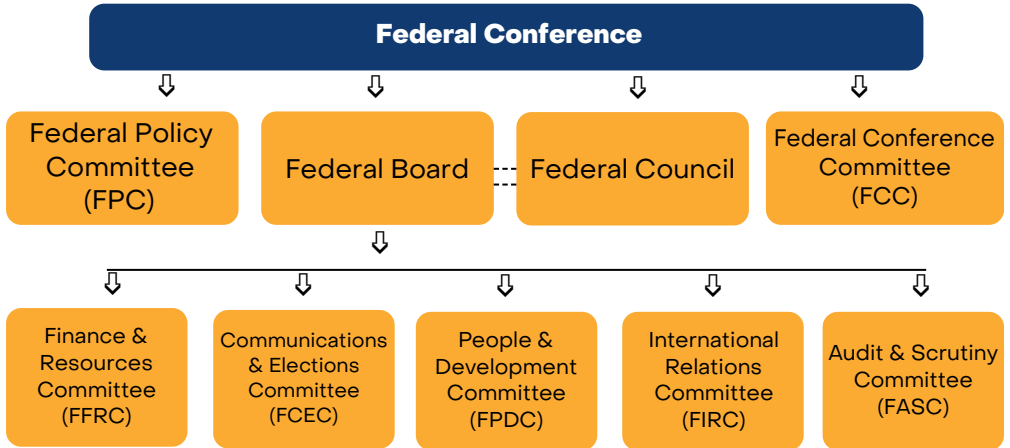

At its first meeting after a new election the Committee shall elect a Chair, who must be a member of the Committee directly elected by party members, and at least one Vice Chair, who must be members of the Committee either directly elected by party members or elected by one of the State Parties.
